BOOK LOANS ON INCLINE; PUSH COSTS HIGHER

Circulation at the Adams County Public Library last month rocketed another 18 per cent and helped to complicate a pressing problem for the board of directors—how to get funds to meet mounting operating expenses.

The enlarged library plant and the rapidly increasing volume of book loans is overtaxing a staff that has been described at other board meetings as "too small." Regular operating expenses now run about \$6,000 a month and considerable time was spent Thursday evening at the November meeting of the library's board of directors in discussing ways to go about raising funds to meet these increased operating costs.

It was noted that circulation in September also had jumped 18 per cent over September of last year.

MAKE FINAL PAYMENT

The board approved the final payment of \$9,000 to Harold Hogg, the general contractor for the construction of the addition to the library and for remodeling parts of the original building.

C. P. Keefe, a member of the board and chairman of its building fund, told the directors that payments of pledges to the fund, totaling \$38,000 up to October 31.

Dr. Harry P. Baughman, chairman of the auction committee for the Friends of the Library bazaar on November 20, reported for his committee. He asked board members to help solicit articles for sale, such as antiques or other items of value above the level of "white elephants" which will fill a table of their own at the bazaar.

He said auction articles will be picked up by members of his committee. Among items already on hand are autographed copies of Gen. Eisenhower's "Mandate" (Continued On Page 10)

An appeal for 98 pints of blood has been made for Parker Davis, former Huntington Twp. supervisor, York Springs R. 2, who underwent open heart surgery three weeks ago at University Hospital, Philadelphia, in a 17-hour operation.

Penniless Athlete Arrives C.O.D. After 63 Hrs. In Crate; Hiked Remaining 1,800 Miles

By GORDON TAIT
SYDNEY, Australia (AP) — An Australian athlete had himself shipped home c.o.d. from Britain in a wooden crate because he couldn't afford a passenger ticket for the 11,000-mile flight.

Reginald Spiers, 22, of Adelaide, spent 63 hours in the slatted box without food or water, Sydney newspapers reported. Friends and relatives in Adelaide confirmed the story today. The accounts said a friend nailed up the box Oct. 17 in London and Spiers landed at Perth Oct. 20 on an Air India flight, then hitchhiked 1,800 miles to Adelaide.

FIND EMPTY CRATE

"There was enough space between the planks to give me air and allow me to peep out," he said.

An Air India spokesman said an empty wooden crate big enough to hold a man was found today at the air cargo depot in Perth. Sent c.o.d., it was consigned to a nonexistent shoe factory at a nonexistent address.

Parents Invited To Attend GHS Classes

Parents of Gettysburg High School students have a special invitation to visit the junior and senior high schools during the next week, which is American Education Week.

There will be no attempt to change procedure to impress visitors. We invite parents to come to see our schools in a typical daily schedule."

The invitation applies to any day during next week, the notice said.

SEEK FUNDS TO AID RETARDED KIDDIES HERE

Letters have been sent out this week by the Adams County unit of the Pennsylvania Association for Retarded Children in the annual appeal for funds with which to continue the fight against mental retardation.

Noting that the PARC is "particularly interested in the future of children after fulfillment of training at the Day Care Center, the letter asks the help of countians to promote the general welfare of the retarded; foster the development of programs in their behalf—programs including sheltered workshops where they may learn to serve in industry, transportation to workshops, day camps; develop a better understanding of mental retardation by the public and finance research to find causes and preventions of retardation in the 126,000 retarded children born each year. This research has already borne fruit in such procedures as the "PKU" test, which warns of the necessity of special diets that prevent retardation.

"You can boost this research and you can give these retarded children the opportunity to develop their talents by your generous gift to the Adams County Chapter of the Pennsylvania Association for Retarded Children, Inc. You may send your gift to: Adams County Chapter, PARC, P. O. Box 72, Gettysburg, Pa."

The fund drive committee includes Earl Schmidt, chairman; E. W. Naugle and Mrs. Edwin Longanecker.

Following a luncheon at the Rice home, Gen. and Mrs. John M. Weikert accompanied the party on a tour of the Visitor Center and the battlefield. It was the first trip to Gettysburg for the Schurmans.

CITES VALUE OF EDUCATION AT BANQUET

Mrs. Austin Fellenbaum, assistant professor of education at Gettysburg College, Thursday evening told guests at the 53rd annual convention banquet of the Woman's General League in the Gettysburg College dining hall, that "the great hope of man" seems to be to resolve his problems by education.

Mrs. Fellenbaum, who spoke on "Education Molds the Man," stressed the importance of including all phases of knowledge in today's educational program. "When we attempt to eliminate any one of the disciplines to enhance another, we are giving each student only a half view of life." She stressed the need for equal exposure to liberal arts and science in her proposal for "complete" education, and pointed out that all disciplines add a dimension to one's life.

She said that she is convinced "the coloring, the attitudes and the knowledge we bring to life has a lot to do with the kind of education we get."

GIVES RUN-DOWN

She gave a run-down of the disciplines which compromise schools in America — of physics, which tells what the world is like; of chemistry, which tells of what matter is composed; of mathematics, which is the measuring field; of languages, the only way one can communicate; of history, which is the story of the long arduous struggle of man, man against man, man against the elements; of the literature of the ages, which tells how man feels.

Defending liberal arts against the purely scientific, pragmatic education, she explained, "We may make the best missiles on the face of the earth, but if we can't somehow or other know the loneliness, the suffering of mankind and know that we are all partakers of it, there is a dimension that is lost."

4 MIGRANTS PAY \$436 FOR ILLEGAL DEER

Four migrant workers have paid a total of \$436 for illegal possession of venison.

Six men, all of whom are at the same labor camp on Orrtanna R. 1, were brought before Justice of the Peace John Whitman when Game Protector Homer Thrush and three deputies found a quantity of deer meat in the refrigerator at the labor camp.

When the hearing had been completed Thursday, two of the men had been found innocent of the charge; two of the men who had pleaded innocent were found guilty by the justice and two had entered pleas of guilty.

COUSINS CONVICTED

Five of the men at various stages of the arrest and hearing spent some time, from a very brief period to one who was released only this morning about 9 o'clock, in the county jail.

Walter Walker, 30, and John Edward McNabb, 23, entered pleas of guilty to the charge. Each was fined \$100 plus \$9 costs. McNabb raised his \$100 by late Thursday night and was released. Walker was released this morning about 9 o'clock after his fine and costs were paid.

Two who pleaded innocent but were found guilty at the hearing were cousins, John Parker Jr., 23, and Charles Roosevelt Parker Jr., 22, both also of Orrtanna R. 1. They each were fined \$100 and costs and spent several hours in jail in default of the amounts until their total of \$218 was raised.

CLAIMED CAR HIT DEER

Arocho Rodriguez, 21, spent a brief period in jail but Justice Whitman found insufficient evidence against him and dismissed the charge.

A sixth man, Johnny J. Coleman, 21, was briefly accused of the illegal possession, but the investigation disclosed he was innocent.

The justice said Walker alleged that the deer whose meat was found in the refrigerator had been hit by a car and ran into the labor camp. The testimony of the game protectors, however, was that the deer had been shot at the camp.

Stricken Spacecraft Now Helpless Hulk; Expect To Fire Mariner 4 In 2 Weeks

By HOWARD BENEDICT
CAPE KENNEDY, Fla. (AP) — The stricken Mariner 3 spacecraft whirled through space as a helpless hulk today, unable to fulfill its mission as the first spacecraft to probe the planet Mars.

With Mariner 3 a \$25-million loss, the National Aeronautics and Space Administration turned attention to Mariner 4, a twin spacecraft which officials hope to launch within two weeks.

Exact date for the launching depends on evaluation of information from Thursday's failure. The space agency has until Dec. 1 to fire the Mariner 4 rocket. After that, Mars will not be in position for a launching until December 1966.

SOUGHT NEW DATA

Mariner 3 was to have crossed 350 million miles of space in 8 1/2 months, skimming within 8,600 miles of Mars next July 17. During a brief encounter with

the planet, the craft was to have snapped pictures and gathered scientific data.

There were indications that the failure resulted because a fiberglass shroud did not separate from the spacecraft. The shroud was designed to protect Mariner 3 from aerodynamic stresses during the upward push through the earth's atmosphere, then was to eject.

SEEK CAUSE
Jack N. James, Mariner project director, said early today the shroud may have "hung up" on the spacecraft.

Eisenhower Blames GOP Lacing By Democrats On "False Public Image"

AUGUSTA, Ga. (AP) — Former President Dwight D. Eisenhower says the Republican party must embrace a wide spectrum of political thinking, one that will not be torn apart by divisive and meaningless labels.

At the same time he said the party definitely was hurt by the landslide election of President Johnson.

In his first statement since a torrent of Democratic votes buried the hopes of Sen. Barry Goldwater, Eisenhower blamed his party's defeat, at least partially, on what he termed a false public image.

He made the remark Thursday in a statement he read at a news conference at the Augusta National Golf Club, where he has been vacationing the past few days.

CORRECT "IMAGE"

"We need now to consult among ourselves as to methods for correcting the false 'image' of Republicanism, which, far too long, has confused so many of our citizens and led them to think of it as a political doctrine designed primarily for the rich and the privileged," Eisenhower said.

In response to a newsman's question, Eisenhower said he thinks the Republican party has been pictured as being indifferent to the common man and his problems.

He outlined principles which he said were held substantially by every party member. He said the party, above all, is dedicated to the security and progress of all Americans.

UNIFY PARTY

"Around these convictions and purposes we can unify our party—one that will refuse to be torn apart by divisive and meaningless labels. So doing, we shall together develop a clear and accurate 'image' of Republicanism for all to see, the (Continued on Page 2)

NUCLEAR TEST OPENS CAVITY TO AID MINING

LAS VEGAS, Nev. (AP)—A nuclear blast has burned out a huge cave 1,320 feet underground in a test of new ways to get at oil and mineral deposits. The cave is big enough to hold a 20-story building.

A 20-foot-high spurt of dust, kicked up by the blast, was seen over the Nevada test site Thursday, but Atomic Energy Commission scientists said no radioactive material escaped.

The scientists expected the blast, equivalent to 10,000 tons of TNT, to create a cavity up to 230 feet in diameter but said it would be several days before exploratory holes are drilled.

FIRST TEST

This was the first time a nuclear blast has been set off in carbonate rock, a type which frequently contains mineral deposits and reservoirs of oil and gas. Earlier underground blasts were in softer material.

An AEC spokesman said the main object of Thursday's detonation was to test the potential of nuclear energy for breaking up huge masses of mineral-bearing rock at extreme depths and for creating cracks through which oil and gas can be recovered.

Mining and oil companies currently use conventional explosives to get at underground deposits, but atomic energy is expected eventually to do the job more economically.

Thursday's blast, called "Project Handcar," was part of the AEC program to find peaceful uses for nuclear energy.

Republicanism of which Lincoln was the first and greatest exponent," he said.

Eisenhower said he felt deeply the defeat of Goldwater and William E. Miller, the vice presidential candidate.

"Now with the election before history," he added, "I congratulate President Johnson on his overwhelming victory."

SUPPORT REGIME

"Beyond this, I, along with every loyal American, pledge him my support as he fights for this country's interests at the international conference table or in any other way that may become necessary."

Eisenhower said the damage suffered by the GOP in the election was not irretrievable.

Asked about former Vice President Richard M. Nixon, Eisenhower described him as a man of "great ability and great astuteness who would play a great part in unifying the party."

WIDE SPECTRUM

Asked if Goldwater is still an important factor or if the party must offer another candidate four years from now, Eisenhower replied:

"We're still suffering from this past election, let's don't get to predicting too much about the next one. I think we have to get everybody together. We have to have a slate that represents across-the-board a very wide spectrum of political thinking."

Make Centerpieces For Thanksgiving

Members of the Biglerville Fire Company Auxiliary have made 150 Thanksgiving turkey centerpieces for the benefit of the ambulance fund.

Made of one large pine cone and colored chenille, the centerpiece features a turkey and two golden pumpkins on a styrofoam base. The turkey's tail is a brilliant fan of orange and brown chenille 'feathers.' Orders may be placed with any member of the auxiliary until Nov. 20.

One of the centerpieces is on display in the news room window of The Gettysburg Times.

Student demonstrations were expected this weekend and the situation was tense.

DISCUSS PRICE ON ADAMS LAND

The Adams County commissioners, sitting as the county election board, at noon today began in the commissioners' office in the courthouse the official count of the approximately 19,000 votes cast in last Tuesday's general election. Special clerks for the county are Luther M. Lady, Biglerville R. 2, and John Swartz, Littlestown R. 1.

Attorney Franklin R. Bigham and Henry M. Scharf met with the commissioners this morning to discuss the possible price for approximately 30 acres of county home land, or of portions of it, surrounding land presently owned by radio station WGCT, along the Harrisburg Road.

The question was raised whether the commissioners want to sell all of the land in the plot from which the original 10 acres bought by the station was taken, or whether they wished to sell a portion of it, and what might be a fair price for the land to be purchased. Attorney Bigham noted: "We want to pay a fair price and we want to receive a fair price. The question is what is the value of the land." Both the commissioners and the radio station representatives noted that the proposed sale must be approved by the court.

Other business of this morning's session included approval of bills totaling \$10,994.41 from the general fund and \$1,677.61 from the liquid fuel fund.

Says Pa. Colleges Due More Money

PITTSBURGH (AP)—President Ralph Heiges of Shippensburg State College says Pennsylvania should give more money to state-owned colleges.

Dr. Heiges, speaking at the annual convention of the Pennsylvania School Boards Association Thursday, said the 14 state colleges and community colleges are "the only institutions of true public higher education in Pennsylvania."

He said they deserve the moral and financial support of the state before such support is given to any other college or university.

Heiges also called for less control by the state over the day-to-day spending of state colleges.

CHINESE URGE NEW RED UNION AGAINST U. S.

By JOHN RODERICK TOKYO (AP)—Communist China's top leaders today extended their "sincerest and warmest" greetings to the new leaders of the Soviet Union and expressed hope the two estranged Communist giants would "unite closely" to oppose the common enemy—the United States.

"Let imperialism headed by the United States tremble before our strong unity! Long live the eternal, unbreakable friendship between the Chinese and Soviet peoples," said the Chinese message to Moscow, broadcast by Peking Radio.

MARK ANNIVERSARY

The message was telegraphed from party chairman Mao Tse-tung, President Liu Shao-chi, Marshal Chu Teh and Premier Chou En-lai to the Soviet leaders on the occasion of the 47th anniversary Saturday of the Bolshevik Revolution.

Chou and a delegation of ideological experts arrived in Moscow Thursday for the celebrations and for talks aimed at quieting, at least publicly, the Soviet-Chinese dispute. The tension has eased perceptibly since the ouster of Nikita Khrushchev, but neither the Chinese nor the Soviets are expected to retreat from their conflicting positions.

WARNS SOVIET

The Peking message of good will was tempered by a separate declaration which warned the Soviet Union against invading or occupying any part of Sinkiang Province in northwest China on the Soviet border.

Uranium-rich Sinkiang was the site of the Chinese nuclear explosion on Oct. 16. Last year the Chinese accused the Soviets of abducting thousands of its inhabitants and stirring up bloody incidents.

In Moscow, Pravda, the Soviet party newspaper, made a veiled reference to Khrushchev's ouster last month and claimed the Soviet Communist party is stronger than ever.

Saturday top men from 13 Communist nations will line up on Lenin's tomb for the big parade of military equipment and civilians through Red Square. Only Albania will not be represented. The Soviet Union broke relations with it because of its espousal of the Chinese cause.

NEW YORK (AP)—The stock market held on a fairly even keel early this afternoon after some wavering at the start. Trading was fairly active.

Abandoned House Burns To Ground: Fire of undetermined origin destroyed an abandoned log house on the waterworks road, a quarter of a mile south of West Confederate avenue Sunday night.

Gettysburg firemen were called at 8:05 p.m. and responded with three trucks. They found the building in flames and beyond saving. The house had not been occupied for some time.

Eugene S. Sickles, who was recommended by Gettysburg's new Board of Health, at its organization meeting October 12, for borough health officer, has received temporary certification from the state Board of Health, W. Preston Hull, president of the health board, said. His designation as health officer is expected to be confirmed at the next meeting of the borough council. Sickles is also fire marshal.

The Adams County Free library will open its new quarters on East High street on Saturday. The library has been closed since September 24 for moving from its previous location on Carlisle street and for the completion of remodeling work at the former county jail building which the library bought earlier this year for its permanent home.

The 3,500 members of the Woman's League of Gettysburg college raised \$10,000 for the music department at Gettysburg college during the last year, according to reports presented at this morning's sessions of the thirty-eighth annual convention of the league being held here today and Friday. The convention met today at Christ Lutheran church with 178 present. Within the next year, the group hopes to raise an additional \$10,000 to complete the \$50,000 goal they have set for the music department of the college. So far \$4,244.81 has been raised by the women for this project.

Better dust off the old snow shovel and check the skid chains in the trunk of the family car. The weatherman said today snow flurries can be expected in the western portion of Pennsylvania this afternoon and tonight. Not a blizzard, mind you, but snow just the same.

Eastern Pennsylvania is in for cloudy days and slight showers with a vague possibility the rain drops may turn into snow flakes by this evening. And it might not be a bad idea, the weatherman said, to check the antifreeze in your car. The mercury may drop below the freezing point tonight, especially in the mountains.

Burglars broke open a large safe in the office of the Adams County Farm Bureau Cooperative association, North Washington street, early today and escaped with approximately \$750. The burglary was discovered at 6 o'clock this morning by Cyrus Keefer, 119 East Middle street, who does trucking for the Farm Bureau.

Councilman Wilbur J. Stallsmith, 55, of 132 East Middle street, died suddenly Friday night at 11:30 o'clock, near South Alburtz, Vermont.

He had gone to Vermont last Saturday with Mr. and Mrs. J. Earl Plank, Gettysburg R. 2, to the Plank cottage near South Alburtz, for a week. They had planned to leave for Gettysburg today. The undertaker who called the family here, said that death was due to a heart attack. Mr. Stallsmith had been in excellent health up until the

Today's Talk

COLD WATER

Cold water chills. In like manner do resentment, cruel criticism, habitual complaint, and fault-finding chill the soul. You feel like hiding or running away from such persons as distribute these. Such people dry up all hopeful response.

Thomas Hardy and George Meredith were lunching together one day, and Hardy expressed his gratitude to Meredith for reading his first book, which he described as "very strange and wild." Meredith interrupted here with the word "promising." Hardy later stated that it was this encouragement which caused him to take up a literary career. Had Meredith thrown "cold water" upon this first literary effort of Hardy, a great author would have been lost to English readers. A kindly word did the transformation!

Many a successful career has been blasted by a parent throwing "cold water" upon the desired career of a child. Many a professional man or woman has been cheated out of an artistic or scientific career that might have been notable and distinguished. Happy is that one who selects the path he would make his own without interference!

There is always someone to throw "cold water" upon any project. Only the brave and self-confident survive with their ideas and enterprises. Every success, to a large degree, is a hurdle race. And that is what life is, too — conquering the obstacles. But nothing is so disheartening as to have "cold water" thrown upon our enthusiasms or pet projects as we edge our way to our heart's desires.

Henry Ford's first and ever loyal assistant was Mrs. Ford. She stood by him as he made his first attempts with his gasoline engine, and it was done over the kitchen sink! The outer world, however, looked upon him as crazy and a dreamer. He was only the latter — and what a dream he had! Those who didn't throw "cold water" upon his ideas, and who went along with him, became multimillionaires.

It is so easy to encourage and so cruel to censure. Faith feeds upon the former, and starves upon the latter.

TRIUMPH

What on earth can be expected more of any man than this — That his day should be deserving of his children's welcoming kiss,
That his mind stay free from malice and his home stay bright with cheer
And his neighbors give approval to his conduct through the year?

Fame and fortune mean but little.
Man may both of them attain
And still be a fearful creature — selfish, cruel, sly and vain.
While another not so grasping and content with winnings small
May be everywhere respected and admired by one and all.

It is difficult precisely here to judge another's worth.
Sometimes the richest spirits own the fewest goods of earth,
And sometimes the feeblest purses and the fruitfulness of lands
Fall by curious circumstances into most unworthy hands.

So the final test of triumph doesn't lie in gain or skill,
And it isn't strength of muscle and it isn't strength of will.
It's in something fine and tender by the soul of man possessed
Which achieves the admiration of the ones who know him best.

Cubans Seek Empty Bottles For Refill

MIAMI, Fla. (AP) — Havana Radio says members of Castro Cuba's revolutionary defense committees have a new job—collecting wine and whiskey bottles to meet the Christmas demand.

A broadcast Thursday, monitored in Miami, said the government asked that 3.5 million wine and liquor bottles be turned in for refills.

Rome Council Prelates And Laymen Ask Church To Help Fight Poverty

By GERALD MILLER

VATICAN CITY (AP) — Prelates at the Vatican Ecumenical Council — and a layman from America — appealed today for the Roman Catholic Church to take action to fight world poverty and hunger.

The appeals included proposals for Church-organized agencies working with laymen and national governments to help rescue the poor of all races and religions from misery and neglect.

The council fathers in St. Peter's discussed the issue of poverty and hunger in their debate on modern world problems.

RELIEF AGENCIES

Joseph Cardinal Frings of Cologne, Germany, recommended that episcopal conferences around the world organize their own international relief agencies, supported by contributions of the faithful. These agencies would be designed to set up schools in developing nations to teach necessary skills to enable the people to help themselves.

Other prelates also advocated aid for the world's developing countries, and one layman was given a rare opportunity to address the council. He is James J. Norris, president of the International Catholic Immigration Commission, with headquarters in Geneva.

LAY AUDITOR SPEAKS

Norris, a lay auditor at the council and the third one to address the assembly since it started in 1962, reviewed the sufferings and ills caused by poverty in the world.

"A loving human family does not permit its members to suffer in this way. From this Ecumenical Council could come a

clarion call for action which would involve the creation of a structure that would devise the kind of institutions, forms of cooperation and policy, which the Church can adopt to secure full Catholic participation in the worldwide attack of poverty," he told the council.

Norris of Elizabeth, N.J., spoke in Latin, the language of the council. Other laymen who have addressed the council used modern languages.

SPREAD WORLD GOODS

Bishop Edward S. Seanstrom, director of the American Bishops' Foreign Relief Program and an auxiliary bishop of New York, said it is necessary to spread the world's goods and wealth among nations.

Council spokesmen, briefing newsmen on the closed proceedings in St. Peter's, said the modern world schema would be put aside temporarily for the start of debate on the schema on missionary activity.

It was announced that Pope Paul VI would attend the start of the missionary debate to demonstrate the importance he attaches to the topic. It will be the first time since the start of the council, opened by Pope John XXIII in October 1962, that a Pope actually will sit in on a regular working session.

Educator Favors Offbeat Thinkers

LITTLE ROCK, Ark. (AP) — Dr. Rodney Tillman, head of the National Education Association's department of elementary education, says offbeat thinkers are often creative and should be encouraged.

In a speech to the Arkansas Education Association's convention Thursday, Tillman reported on an experiment in which a photograph of a smiling airplane passenger with a faraway look on his face was shown to elementary school pupils. Most pupils, said the Minneapolis educator, interpreted the picture thusly: "He is returning from a successful business trip."

But, said Tillman, the most creative pupil said: "He is returning from Reno where he has just divorced his wife."

CHOU EN-LAI'S USSR TRIP MAY SPELL TROUBLE

By WILLIAM L. RYAN

The journey to Moscow this weekend by Red China's Premier Chou En-lai and his delegation may spell little but trouble for the post-Khrushchev regime.

Ostensibly, Premier Chou's trip is for the purpose of exploring ways and means to restore world Communist unity. Under present conditions, that cannot be done.

However, this seems an opportune time for Red China to use subtle diplomacy. Anxious-sounding pronouncements under the new Soviet leadership hint that the turmoil in high places in Moscow is not ended.

BESET BY PROBLEMS

The new regime, with Leonid I. Brezhnev commanding the party and Alexei N. Kosygin the government, still has a rather fragile, transitional look, and it is beset by innumerable contradictory problems.

The Bolshevik Revolution anniversary provides an opportunity for an international meeting of Red leaders to survey the ailments of the world Communist movement against the background of Nikita Khrushchev's dethronement.

The Chinese would not talk with the Russians while Khrushchev remained in the Kremlin. He was their chief target, the top revisionist, the man whose scalp was the price of even a temporary lull in the noisy battle between Peking and Moscow.

HAVE OWN DEMANDS

Now that there is a new Soviet regime, Peking can claim it is willing to listen, to be reasonable. This display of reasonableness could serve later on as a new club for beating Russians on the head, if Moscow should finally reject China's price for muzzling the dispute.

The Russians have their own demands. They likely would require the Chinese to stop trying to crowd them out of Asia and to ease up their drive for total domination of the revolutionary movement in underdeveloped areas.

The Chinese price would re-

VOTING FOES GET TOGETHER, EAT ROAST OX

GEORGETOWN, Del. (AP) — After roasting each other politically in the election campaign, Democratic and Republican rivals got together Thursday and roasted an ox.

Winners in Tuesday's election, instead of forcing the losers to eat their words, solved hurt feelings by sharing with them a traditional roast ox sandwich.

Democrats and Republicans paired off in automobiles in a parade, losers patted winners on the backs and the winners said what great guys their opponents were.

The occasion for the post-election harmony was Return Day, the traditional Thursday-after-election day custom that started in the days before rapid communications.

It was then that people in southern Delaware's Sussex County would journey to Georgetown—usually bringing their own oyster sandwiches, fried chicken and whiskey — and gather at The Circle in front of the courthouse to hear the returns.

The winning party usually did the celebrating. Return Day was revived to celebrate the Democratic victory of 1936, when Franklin D. Roosevelt carried all but two states, and Georgetown's merchants — mostly Republicans nowadays — revived the holiday as a promotion stunt.

Thursday about 6,000 Delawareans — including Democratic Governor-elect Charles Terry — dressed in 19th century costume, and parading in horse and buggies heard election results read from the court house balcony and cheered the tally as if they were hearing the count for the first time.

Bullets To Be On Guard In Clash With Juniata Saturday At Huntingdon

Four weeks ago the Gettysburg College football team was taught a hard lesson. What it learned at that time will be put to a test Saturday afternoon when it tangles with Juniata in Huntingdon. Kickoff is slated for 1:30 o'clock.

Following three impressive victories over Hofstra, Bucknell and Delaware, the Bullets traveled to Reading and was jolted by Albright.

Again Coach Gene Haas sends his squad, with three straight wins against another upset minded team. The game will also highlight Juniata's annual homecoming weekend.

Gettysburg is currently 6-1 on the season. The Bullets ranked among the top 10 small college teams in the nation, are running second in the Lambert Cup race, and are riding atop the university division of the MAC with a 5-0 slate. Juniata will enter the game with a 4-2 mark and is third in the northern college division of the MAC with a 3-2 record.

TWO GOOD LINES

The Bullets' forward wall continues to set the pace. Gettysburg has been able to utilize the service of two equally strong lines which has contributed to a majority of the decisions. Leading the way up front are two all-east candidates, guard Ron Brenzel, Irwin, and center Bob Furney. Gettysburg, Brenzel, 6', 185-pound junior, has been named to the all-east team of the week twice. During the past two weeks he has had to settle for offensive action only due to a minor ankle injury. However, this did not hinder his outstanding performance against Lafayette last week. Furney, a 6', 205-pound senior, was slow getting started over the past three years, but during the present campaign has reached his full potential.

Joe Egresitz, and Dick Masin, a pair of sophomores, continue to hold the starting end slots. The remaining two interior spots are held by tackle Irv Strohecker, and guard Brian Tierney.

Jim Ward, probably one of the finest quarterbacks in the state today, directs the operations. Ward has completed 71 of 128 aerials for 903 yards and 12 touchdowns. He also has a total of 1,190 yards and has scored 30 points. Ken Snyder, 26 pass receptions for 454 yards, and Dale Boyd, 16 catches for 171 yards, man the two flanker jobs in Gettysburg's pro-type offense. The Bullets' starting running backs are Rod Albright, 41 carries for 222 yards, and Tony

DEAN CHANCE AND KOUFAX TOP PITCHERS

NEW YORK (AP) — Dean Chance of the Los Angeles Angels and Sandy Koufax of the Los Angeles Dodgers, leading candidates for the Cy Young Award as the majors' outstanding pitcher in 1964, each has another credit mark next to his name today.

Chance captured the American League earned run championship with a 1.65 average the past season while Koufax won the NL crown for the third straight year with a 1.74 mark, figures compiled by The Associated Press revealed.

Koufax posted the lowest National League ERA since Carl Hubbell of the New York Giants finished with 1.66 in 1933. Chance's average was the AL's lowest since 1943 when Spud Chandler of the Yanks wound up at 1.64.

Chance won 20 games and Koufax 19. The Dodgers' ace southpaw was sidelined for the final six weeks of the campaign. He worked 223 innings, 61 more than required to be eligible for an earned run title. He was the ERA leader in 1962 with 2.54 and in 1963 with 1.88.

INDIANS HAVE BALANCE

Juniata will throw an extremely balanced offense against the Bullets. As a team, the Indians are averaging 128 yards per game rushing and 128.8 yards passing. Coach Fred Prender, in his second season at the Juniata helm, has two strong sophomore quarterbacks to guide the team. However, Jim Sutton has been injured and has not seen action in the last two outings. Gary Sheppard, 5'9", 160 has been called upon to carry the complete load. Sutton has completed 36 of 74 aerials for 405 yards while Sheppard has hit on 25 of 40 throws for 296 yards.

Barry Broadwater, 5'7", 156, heads the ground attack with 91 carries for 296 yards. He is also second in pass receiving with 12 catches and 121 yards. End Bob Pascale, a 5'11", 160-pound sophomore, is the team's favorite pass target, pulling down 20 tosses for 253 yards and four touchdowns. One of the major problems confronting the Bullets could be the toe of kicking specialist, Don Corle. The 5'9", 180-pound senior is the team's leading scorer with five field goals and 12 of 13 extra point conversions for 27 points.

The Indians' starting line will include: Ends, Pascale and Sam Cessna, 6'2", 197; tackles, Duane Ruble, 6'1", 205, and Ron Shaw, 5'10", 190; guards, Ed Fleck, 5'5", 160, and Tom Snyder, 5'9", 180; center, Regis Schivley, a 5'11", 180-pounder. Working with Sheppard, Broadwater and Corle in the backfield will be fullback Mario Berlanda, a 6'2", 190-pounder.

SELLOUT FOR NOTRE DAME'S GAME AT PITT

By ED SCHUYLER Jr.
Associated Press Writer
PITTSBURGH (AP) — Top-ranked Notre Dame brings its missile-like offense and stone-wall defense to the lair of Pitt's slightly bedraggled Panthers Saturday in search of a seventh straight victory.

A sellout crowd of some 57,000—the first at Pitt Stadium since the Oklahoma game in 1957—is expected to watch the Panthers (2-3-2) try to halt the unbeaten Fighting Irish.

Notre Dame mentor Ara Parseghian made his debut as a coach in the East last Saturday when the Irish blasted Navy 40-0 at Philadelphia. His squad is a 17-point favorite to win again.

HUARTE AND SHAW

The Notre Dame missile launcher is quarterback John Huarte, who played only 46 minutes last year when the Irish were 2-7.

Huarte this season has completed 72 passes in 128 attempts for 1,273 yards and 12 touchdowns. The Notre Dame season records of 1,374 yards gained passing and 16 tds were set in 1949 by Bob Williams.

Huarte's principal target is end Jack Snow who has caught 41 passes for seven touchdowns, tying school season records. He has gained 741 yards on his 18 receptions to break another.

The Irish also can move on the ground. Their leading rusher is halfback Bill Wolski, who's picked up 468 yards and six touchdowns on 94 carries. He also has caught two scoring passes.

LONG-STANDING SERIES

The Notre Dame defense has allowed 867 yards through the air but only 183 on the ground—and Pitt is mainly a running team.

If the Panthers are to pull an upset they will need a top game from quarterback Fred Mazurek, their third-ranked career total offense leader.

The senior signal caller has had a rough time in Pitt's last four games. Still for the season he has run for 433 yards and four touchdowns and passed for 531 and two TDs.

Pitt has won five of the last eight meetings with Notre Dame, including last year's game, 27-7, but the Irish lead the series with 18 victories. There has been one tie.

Hunter Is Blamed For Fire In Woods

A brush fire in the High Rock area of the Pigeon Hills was extinguished by members of three area fire companies early Thursday evening.

The blaze, which covered about an acre of woodland near the home of Kenneth Keyton, Hanover R. 5, was attributed to a "careless hunter" by Francis Sites, chief of Friendship Fire Company, Pennville.

Chief Sites said a blaze in the same area October 27 was attributed to sparks from a rubbish fire.

About 40 members and five pieces of apparatus from the three fire companies, Pennville, Midway and Abbottstown, remained on the scene for about two and one-half hours. Sites said the blaze, fanned by high winds, broke out about 4:45 p.m.

HARRISBURG (AP) — President Johnson won by a landslide but there's nothing one-sided about this week's scholastic football action.

Once more the state's top teams face do-or-die tests and without benefit of computers or Gallup polls, here's the way we see them:

Lock Haven over Tyrone—Stern test for the unbeaten Bobcats as both teams battle for the top spot in the sprawling Western Pennsylvania Football Conference.

Cedar Cliff over Steelton-Highspire—Could mean the Central Penn Championship. Cedar Cliff is 5-1, Harris 3-2.

YORK over Williamsport — If Cedar Cliff doesn't win, maybe York will.

McKeesport over West Mifflin North—The end of the line for the defending WPIAL-Class AA champs and another step forward in the Tigers' bid to succeed them.

Coal Twp. over West Hazleton—Two of the powers in the Southern Division of the East Penn Conference.

Sharon Hill over Lansdale-Aldan—Someone finally scored on Sharon Hill last week after five straight shutouts, but nobody has beaten them.

COLTS, 'SKINS PICKED TO WIN IN PRO TILTS

By JACK HAND
Associated Press Sports Writer
Unbeaten Buffalo faces a stern test Sunday in an American Football League game at New York but Baltimore is heavily favored to keep on rolling in the National Football League.

With the help of a 7-4 record last week, the season's record in picking winners is 54-28-5 — 33-20-3 in the NFL, 21-8-2 in the AFL. Here goes for another plunge into upset land. All games Sunday afternoon unless noted:

NFL
Washington 28, Cleveland 27—Upset of the week. Skins can take it on Sonny Jurgensen's passing. Cleveland won Sept. 13 on 27-13 score in rain after Redskins held early 10-0 lead. Washington offense, worst in league, meets worst defense.

Baltimore 31, Chicago 17—Colts rolled up 52-0 score in Sept. 27 game, most lopsided Bear defeat ever. Chicago still hurting for linebackers with Bill George and Mike Reilly out.

Green Bay 21, Detroit 17—Milt Plum had big day against Rams but Packers are tougher to digest. Could be a field goal game.

St. Louis 24, Pittsburgh 21—Charley Johnson due to bounce back after rough treatment by Giants and Cards have insurance in Jim Bakken's kicking.

Los Angeles 24, Philadelphia 17—Eagles can't run on big Rams' defense. If Roman Gabriel can escape Eagles' blitz, he should find secondary a happy hunting ground.

Minnesota 27, San Francisco 21—Vikings' running attack too much for 49ers but John Brodie due to find the chinks in the Minnesota defense.

Dallas 31, New York 28—Cowboys coming on strong. Giants still must prove last week's victory was not flash in pan.

AFL
Boston 28, Houston 21—Friday night With Art Graham back in line-up Pats should be able to pierce leaky Oilers defense.

Buffalo 28, New York 24—Bills due for a letdown but they can practically eliminate Jets by victory.

San Diego 35, Denver 14—Broncos figure to be tougher at home than in 42-14 drubbing at San Diego.

Kansas City 21, Oakland 14—Len Dawson hit with six TD passes last week and Cotton Davidson was intercepted six times by San Diego. Abner Haynes vs. Billy Cannon and Clem Daniels.

Much of the testimony centered on the executive office move to Chicago, allegedly carried out 16 days before the club's board of directors voted 12-6 to transfer the National League franchise to Atlanta.

Ohio's big hope is that Michigan State, Minnesota or Indiana can derail Purdue while the Bucks continue down the unbeaten trail.

The Ohioans, with a flock of walking wounded due to last week's invasion of Iowa, take time off from conference chores Saturday to entertain Penn State. The nittany Lions hold a 3-0 edge over the Buckeyes, and two of the decisions were at Hayes' expense. Ohio State is favored in this one.

But Hayes said recently "We're not sure it's a good thing to have a nonconference game in midseason. They have everything to gain and nothing to lose against us."

TESTIMONY ON BRAVES' PLAN TO MAKE SHIFT

By DAVE O'HARA
Associated Press Sports Writer

MILWAUKEE (AP)—Milwaukee Braves? Atlanta Braves? Maybe the Bank Braves is more fitting.

President and General Manager ohn McHale admitted under legal-examination Thursday that the Braves used player contracts as collateral to obtain a \$3-million long-term loan from the First Wisconsin National Bank of Milwaukee.

The loan was obtained when a Chicago area syndicate headed by Bill Bartholomay, now the club's board chairman, and Tom Reynolds, the executive vice president, bought the Milwaukee franchise two years ago.

INSIST ON TERMS

Now Bartholomay, Reynolds, McHale & Co. are engaged in a bitter legal fight over the desire to move to Atlanta. Milwaukee County is insisting that the Braves fulfill a contract to play all home games at County Stadium through 1965 and has obtained a state court order temporarily restraining the Braves from moving.

McHale was the only witness on the opening day of a hearing before U.S. District Judge Robert E. Tahan on the Braves' petition to have a federal court take jurisdiction of the legal action. The Braves claim "diversity of citizenship" because the club is a Delaware corporation and its principal business has been conducted in Chicago since Oct. 5.

SATISFACTORY OFFER
McHale testified that Atlanta has offered the Braves a "satisfactory" stadium lease, but he has no knowledge of any written agreement with the Southern city.

Much of the testimony centered on the executive office move to Chicago, allegedly carried out 16 days before the club's board of directors voted 12-6 to transfer the National League franchise to Atlanta.

McHale noted that Bartholomay, Reynolds and two other members of the Braves "finance committee" live in the Chicago area. He said the committee voted Sept. 14 to move the headquarters.

path to Pasadena The big obstacle is Purdue, currently tied with the Buckeyes atop the big ten at 4-0. The Boiler-makers play seven conference contests, Ohio State six, and if both go all the way the Lafayette corps would get the bid since they've never appeared in the Coast contest.

Ohio's big hope is that Michigan State, Minnesota or Indiana can derail Purdue while the Bucks continue down the unbeaten trail.

The Ohioans, with a flock of walking wounded due to last week's invasion of Iowa, take time off from conference chores Saturday to entertain Penn State. The nittany Lions hold a 3-0 edge over the Buckeyes, and two of the decisions were at Hayes' expense. Ohio State is favored in this one.

But Hayes said recently "We're not sure it's a good thing to have a nonconference game in midseason. They have everything to gain and nothing to lose against us."

YEAR BROUGHT CHANGES FOR PITT, IRISH

By HAL BOCK
Associated Press Sports Writer

What a difference a year makes.

Just 12 months ago, Pittsburgh was sniffing bowl country, that promised land for college football's top teams. A bowl bid was the remotest thing imaginable for Notre Dame, struggling along in what was to become a 2-7 season. Pitt's 27-7 victory was hardly unexpected.

Saturday the tables will be turned. The Panthers and Irish clash again but this time it's Notre Dame riding the crest of an unbeaten season and No. 1 in the country while Pitt sports an undistinguished 2-3-2 record.

PRINCIPAL CHANGES

What happened in the 365 days? Well, for one thing, Pitt lost a top runner in Paul Marth and for another Notre Dame found a top coach in Ara Parseghian.

Does the turnaround extend to bowl talk too? Among the bowl promoters the answer is a resounding yes but out in South Bend, Ind., it's a just as loud no.

Although more than one bowl would love to snare an attraction like Notre Dame, Athletic Director Ed (Moose) Kraus put a damper on the dialogue Thursday.

"Notre Dame's policy will remain the same as it has been since 1925," Kraus said. "We're not going to any bowl game."

Kraus seems adamant but there are other teams that aren't exactly hiding from bowl scouts. Take Alabama and LSU for example.

Bear Bryant's Crimson Tide has rattled off seven straight victories in spite of an injury to star quarterback Joe Namath. The Tide is third in this week's Associated Press rankings.

LSU, No. 8, is coached by a former Bryant pupil, Charlie McClendon, and has just the kind of grudging defense a team needs to have a chance against "Bama's high powered offense."

BOW: BID IN OFFING

Their game at Birmingham should produce a bowl bid for the winner.

The weekend's college fare gets started tonight with two games. Tulane visits Miami of Florida and Virginia Military plays at Detroit.

In Saturday's other major games, Ohio State, which dropped to second after a close call against Iowa, plays Penn State; No. 4 Arkansas meets Rice; fifth-ranked Nebraska takes on Kansas; Texas, No. 6, plays Baylor; seventh-ranked Georgia Tech meets Tennessee; Florida, No. 9, takes on Georgia and No. 10 Purdue plays Michigan State.

LOS ANGELES (AP) — The Los Angeles Lakers have moved into a tie with the St. Louis Hawks in the Western Division of the National Basketball Association.

374 HARRIERS WILL RUN IN 25TH PIAA MEET

UNIVERSITY PARK, Pa. (AP)—A record number of 374 schoolboy harriers—228 in Class A and 146 in Class B—will run in the 25th annual PIAA cross-country championships at Penn State Saturday.

For the second straight year, the number of entrants has forced the state finals to be held in two divisions. The Class A championships will be held at 11 a.m., followed at 11:30 by the Class B championships.

Steve Gentry, a senior at State College High School (Dist. 6), will defend his Class A individual crown. He won last year's race over the 2 1/4-mile course with a time of 10:36.0 minutes.

WON IN 1963

State College also captured Class A team honors in 1963 with 63 points, but District 7 (WPIAL) won the district title.

Since last year was the first for scholastic harriers in the Class B Division, C. Anderson's winning performance for Oley Valley High School (Dist. 3) established a record of 11:06.8.

Swarthmore (Dist. 1) took Class B honors last year and District 3 won the district championship.

Joe Thomas of Uniontown High School (Dist. 7) has held the Class A course record since 1959 with a time of 10:28.1.

HANK BAUER IS TOP MANAGER OF YEAR IN AL

By BEN OLAN
Associated Press Sports Writer

NEW YORK (AP) — Hammerin' Hank Bauer, whose Baltimore Orioles almost nailed down their first American League pennant in a torrid battle with New York and Chicago, was named the circuit's Manager-of-the-Year today. He won by an overwhelming margin over Al Lopez of the White Sox and Yogi Berra of the victorious Yanks.

Bauer drew 53 votes from among the 83 baseball writers participating in the annual Associated Press poll. Lopez was named on 19 ballots and Berra on eight. Bill Rigney of the Los Angeles Angels collected the other three.

"I'm very flattered," Bauer said at his Kansas City home. "This is quite an honor."

Bauer took over a fourth place club from Billy Hitchcock last season and directed it to first place at the All-Star break. The Orioles were No. 1 for most of the season's second half, finally succumbing to the Yanks, who came on strong to win by one game over Chicago.

HIS THIRD SEASON

The Orioles finished third, two games behind New York and 12 in front of fourth-place Detroit. Bauer, a former Marine and helped bring out the best in two rookies, pitcher Wally Bunker and outfielder Sam Bowens. Bunker won 19 games and Bowens slammed 22 homers and Bowens drove in 71 runs.

The past season was Bauer's third as a big-league manager. He piloted the Kansas City Athletics in 1961 and 1962, moving to Baltimore as a coach for the '63 campaign.

Gene Mauch, who led Philadelphia to its highest standing in 14 seasons, a second-place deadlock with Cincinnati, was named AP's National League Manager-of-the-Year earlier this week.

Speedway Will Continue Racing
The sportsman-modified and late model stock car drivers from the Maryland-Pennsylvania area will continue to compete Sunday afternoon at the Lincoln Speedway, near New Oxford. The drivers were polled as to whether to close the season out for the winter and the majority voted to continue as long as weather permits.

The race fans have expressed their willingness to watch from the stands, though the weather has a definite chill in its blast.

The Sunday afternoon card will see qualifying heats, consolation and a 25-lap modified-sportsman main event. The late models will cap the day's activities with a 20-lap finale. The first race will start at 2 p.m.

Sermon For The Week

By REV. DONALD ROEMER
Pastor
York Springs Church of God

HOPE THOU IN GOD

TEXT: "Why art thou cast down, O my soul? And why are thou disquieted within me? Hope thou in God. I shall yet praise him for the help of his countenance." Psalm 42:5.

Many Americans feel after an election that all hope is taken away if their party or man did not win. I say hope thou in God as the writer in the Psalm was

led to do. Besides that prepare for the worst for the worst is yet to come. Not because a certain party may be in control, or that communism is such a threat to world domination, but because the Bible said so many years ago.

The apostle Paul wrote to Timothy, "But evil men and seducers shall wax worse and worse, deceiving, and being deceived." II Tim. 3:13 Jesus said in these words, "Ye shall hear of wars and rumors of war: See ye that ye be not troubled: For all these things must come to pass, but the end is not yet. For nation shall rise against nation, and kingdom against kingdom: And there shall be famines and pestilences, and earthquakes in divers places. All these are the

beginning of sorrows." Matthew 24:6-8.

RETAIN HOPE

In the Book of Revelation we are told that a time will come when men will cry for the rocks to fall on them to hide them from the face of Him that sitteth on the throne. Your heart need not fail you if your hope is in God, and you know of some of the things to expect. God gives his children love, not fear; power, not weakness, and sound mind to reason well.

Christ is waiting to give you victory over sin and the devil. Paul the Apostle said he could do all things through Christ who strengthened him. And he whom the Son sets free is free indeed, says the word of God. All men

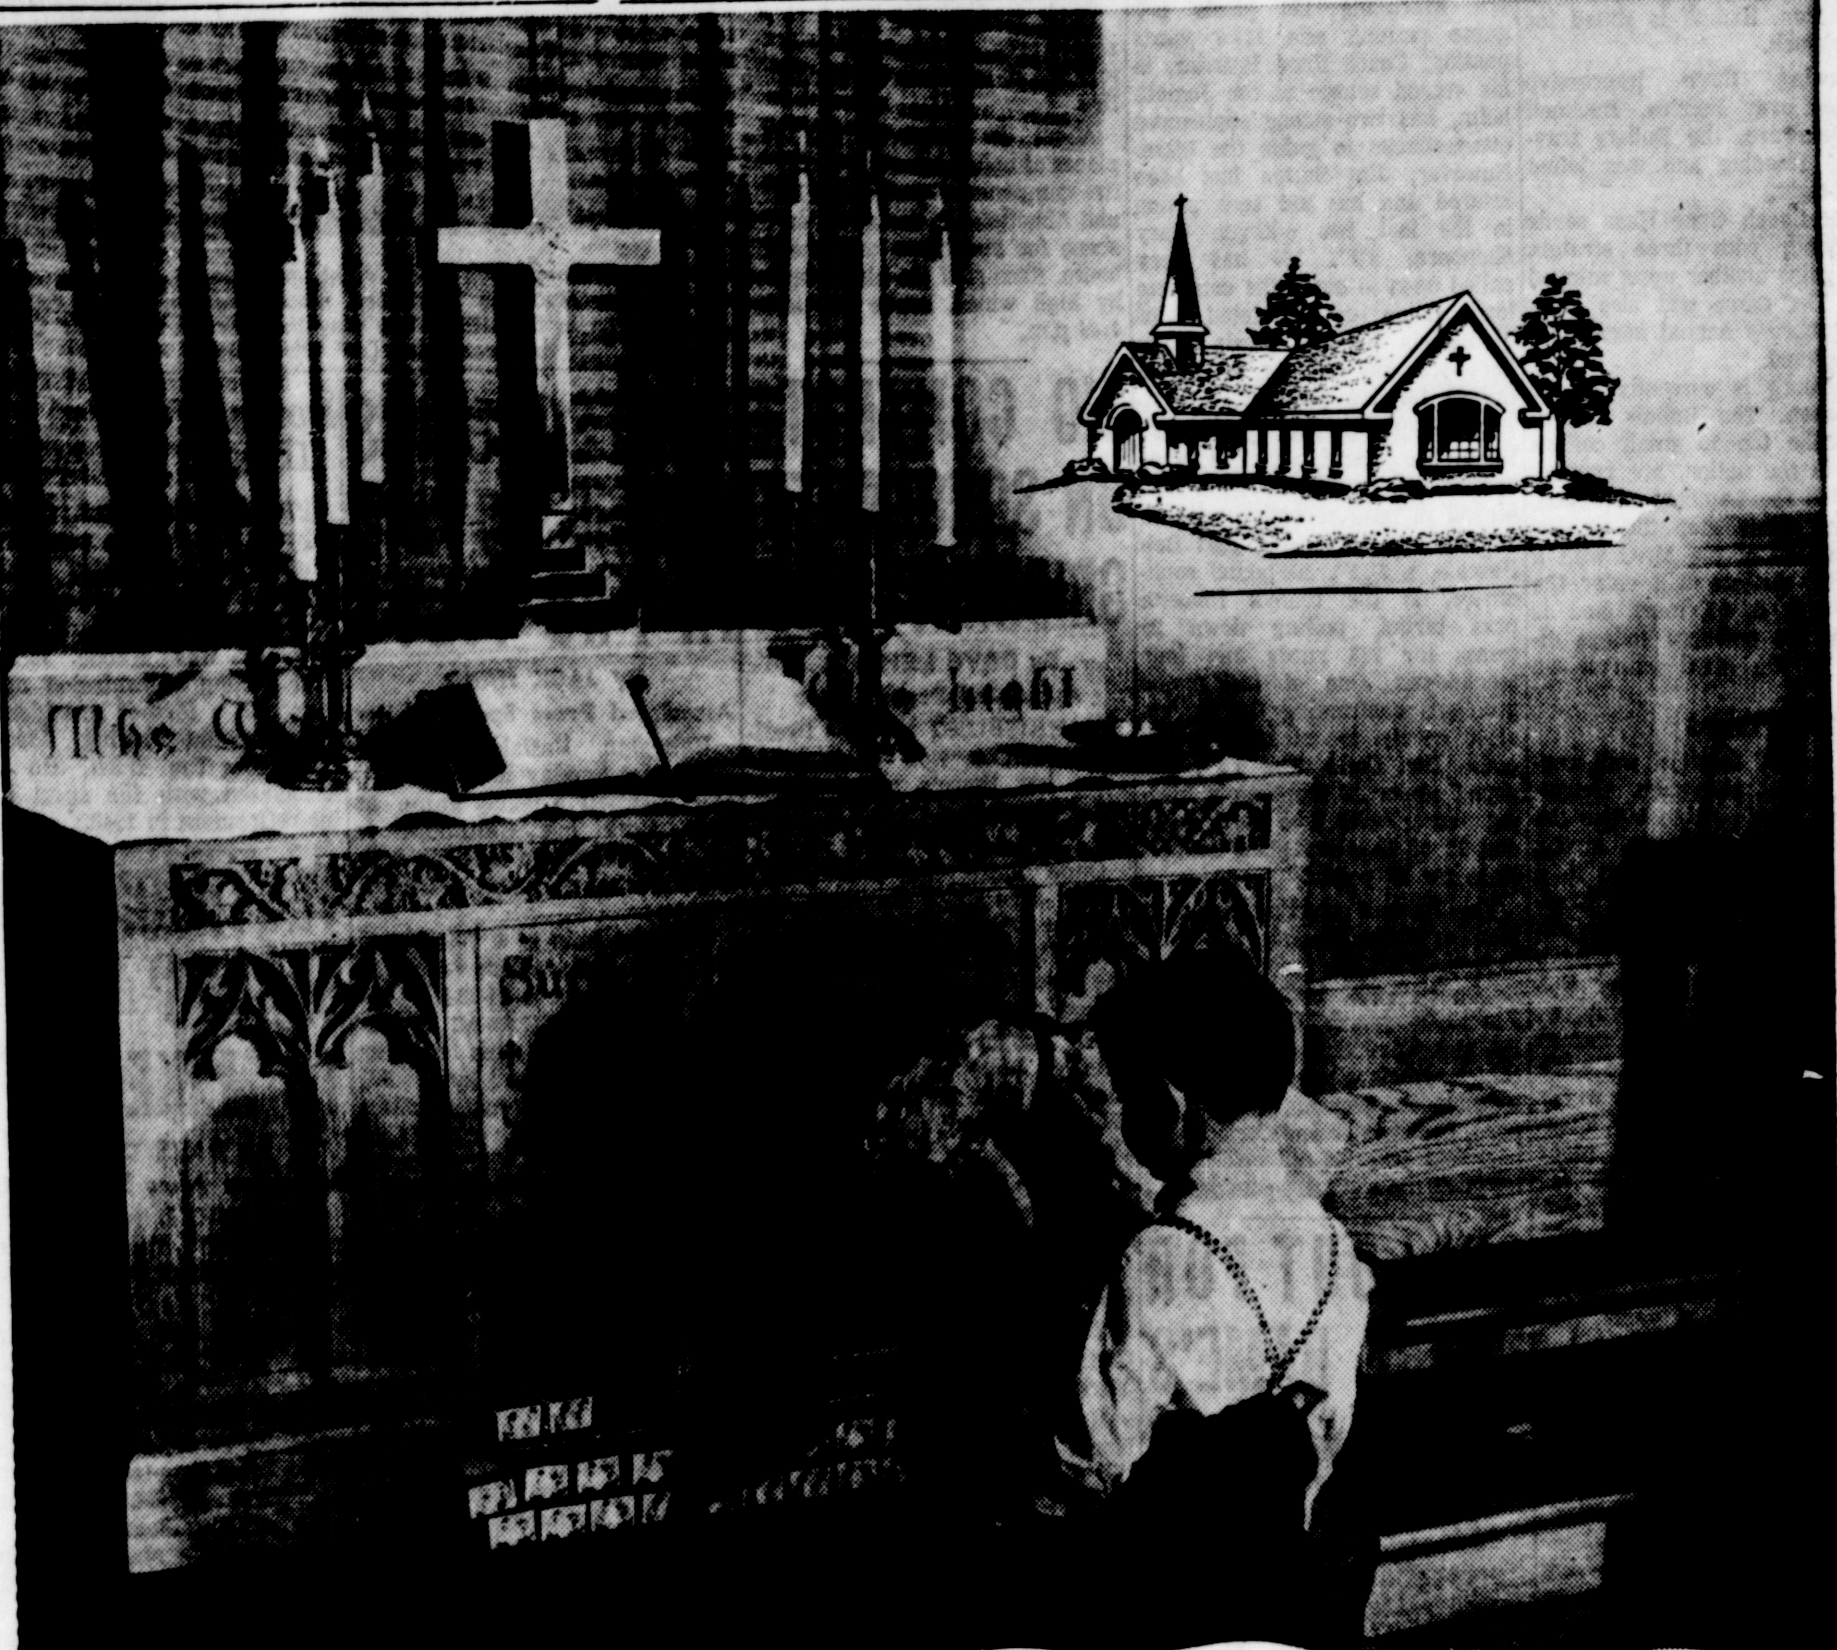

can have victory in this life and the life to come. If Christ is your Saviour, and God be for you, who can be against you. If your hope is now in God let the Spirit fight your battles and you can't help but win.

Why should you be cast down when in all your ways you can acknowledge Him, and He shall direct your paths? The steps of a good man are ordered by the Lord, and there are no regrets along the path He leads.

You and God can overcome any obstacle. For the past two thousand years men have praised God for His help, in all nations, and under all kinds of circumstances. Real Christians regret that they have but one life to live in the service of the King, and that life of service seems so short.

ONLY REAL HOPE

Jesus Christ is the only real hope of the world. For He re-creates faith in one's self and an ever-dying hope in the world to come. One of our church hymns goes like this: "Life will end in joyful singing, I have fought a faithful fight, then we'll lay our armour down, and our earthly spirits freed from earthly ties shall take their happy flight to possess a starry crown. We have a hope within our souls," the chorus goes on to say, "brighter than the perfect day. God has given us His spirit, and we want the world to hear it all our doubts are passed away." Friend, do you have this hope? You can.

FREEDOM'S DISCOVERY

There is joy in giving to God. That is freedom's ultimate discovery. And the hundreds of thousands of churches which we have built and supported bear testimony to the fact.

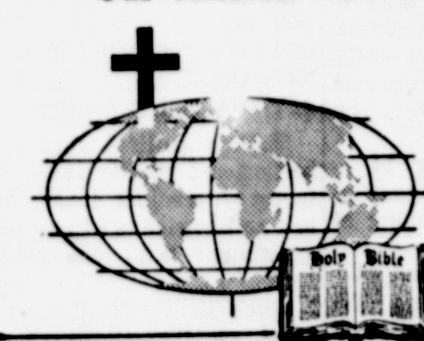

But when there are nations who despise God . . . who tear down churches . . . or forbid their support, how shall we teach this Christian joy to the boys and girls who will be our nation—tomorrow?

Karen and Paul are placing Sunday School "envelopes" at the foot of the children's altar.

Of course, what Karen and Paul and their classmates can give will hardly pay for an altar. But our world of tomorrow cannot be built on Kremlin economics.

A mighty generation must learn to worship in prayer and faith and sacrifice. There is joy in giving to God!

Our children learn this chiefly from our example and encouragement.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ford Motor Co. Is Struck By Auto Union

DETROIT (AP)—The United Auto Workers Union struck today against key Ford Motor Co. manufacturing and assembly plants over unsettled local labor agreements.

At least eight out of 11 unsettled units were struck.

The walkout left Ford with a selling supply of about 32 days of autos and a 38-selling-days supply of trucks.

The effect on production could not immediately be detailed, but indications were Ford could make some autos for two weeks or more.

A Ford spokesman said assembly plants were struck this morning at Dallas; Wayne, Mich.; truck; Wayne autos; Chicago stamping; Ypsilanti, Mich.; manufacturing; Sheffield, Ala.; manufacturing; Sterling Twp., Mich.; manufacturing, and Louisville assembly.

HITS 140,000

The status of the assembly plant at St. Louis and manufacturing plants at Bedford, Ohio, and Buffalo, N.Y. was not immediately determined.

The bargaining units had their international union's approval to walk out at 10 a.m. if settlements were lacking at that hour.

Only those plants with unsettled local contracts which supplement the national agreement, signed in September, were given permission to strike.

Ford has 180,000 production workers in 90 bargaining units across the country.

The number of men off the job was not immediately determined.

While only a handful of Ford's bargaining units were on strike, these were at key plants.

The Ford strike came as General Motors Corp. reached 92 per cent of its production capacity.

UNDERWRITERS TO MEET

The November meeting of the Hanover-Gettysburg Association of Life Underwriters will be held Wednesday at noon at the Lamp Post Tea Room, Carlisle. Eugene Haas, head football coach at Gettysburg College, will discuss "Your Profession and Mine."

ADVERTISE IN THE TIMES

HUMPHREY IS WELCOMED BY HIS NEIGHBORS

By FRANCES LEWINE

WASHINGTON (AP) — Sen. Hubert H. Humphrey has told his neighbors he'll still play basketball with the kids and doesn't want to move away from Coquelin Terrace now that he's been elected vice president.

Grimacing, hoisting a youngster aloft, shaking hands, he came home to a warm, sign-waving welcome Thursday night after two days of victory celebrations with President Johnson in Texas.

"For he's a jolly good fellow," the kids sang a little weakly, as the Humphreys drove up in a big, shiny black limousine.

Beforehand, police, acting on Secret Service orders, had herded the crowd of about 100 friendly neighbors — kids, grownups and even the dogs — behind a rope and told reporters and cameramen to stand across the street from the Humphreys house.

WELCOME SIGNS

But Humphrey quickly restored the informality of his suburban Chevy Chase, Md., block, stepping out to acknowledge the greetings of longtime friends and telling the kids with hand-lettered placards, "Golly, those are good-looking signs."

"Roses are red, violets are blue, don't move away cause we all love you," said a big sign held by 12-year-old Lynda Scates, who heard that people were suggesting the new vice president needed more sumptuous housing.

Humphrey looked at his modest four-bedroom green and white house and said, "We love this home very much, we love the neighbors. We've been as comfortable, secure and happy here as we could be any place."

PATCHED UP

Then, with a fond smile, he admitted it was "patched and fixed up a bit — but we love it." Besides, he said nostalgically, "I've lived here longer than in any house in my life — 16 years this December."

Telephone men have been busy installing three White House telephones — in the den, family room and master bedroom.

Outside, Secret Service men took up vigil over the neighborhood.

But, everybody seemed to love the excitement.

And they found the Humphreys were still the same Humphreys.

"We've lost a basketball player, but gained a vice president," said a sign held by Steven McGovern, 12, son of next-door neighbor, Sen. George McGovern, D-S.D.

"Not on your life," was Humphrey's assurance to his young player friend. He said he'd be back on their driveway court.

Helps To Rescue Shrimp Trawler

David W. Bosserman, commissaryman third class, USCG, son of Mr. and Mrs. James M. Bosserman, York Springs R. 1, recently participated in the rescue of a U. S. shrimp trawler aground on reefs inside Mexican territorial waters off Cayas Arcas in the Gulf of Mexico, while serving aboard the Coast Guard Cutter Kimball.

The 125-foot search and rescue vessel was on patrol when the shrimp trawler Captain Rocket from Brownsville reported being aground and taking on water.

After taking Captain Rocket in tow to pull her off the reefs, Kimball dispatched her salvage crew to repair the damaged hull of the trawler.

The ship was safely towed back to Brownsville against strong northerly winds, although the ship's hull had to be repaired several times during the trip.

"One Nation Under God" Flags Going To Court

HACKENSACK, N.J. (AP) — Both sides in the controversy over flying "One Nation Under God" flags in Hasbrouck Heights have been invited to testify today before the Bergen County grand jury.

County Prosecutor Guy W. Calissi said Thursday he extended the invitation to Hasbrouck Heights officials and to those who have complained against the borough's use of the flags. Calissi said a Hasbrouck Heights resident had asked his office to look into the controversy. He said his investigation would center on whether state law concerning flag display has been violated.

100-2 IN FAVOR

The borough is flying pennants bearing the inscription "One Nation Under God" under the American flag in front of borough hall and in three parks in the community. Mayor John F. Knowlan says he has received more than 100 telegrams and letters favoring the action and only about two against.

But the American Civil Liberties Union also sent a letter to the mayor and council objecting to what it called the use of tax funds and public grounds to defy the U.S. Supreme Court's decision on prayer in public schools.

USED PUBLIC FUNDS

The ACLU said the pennants in question were brought with public funds and placed on the flagpoles by order of the mayor. The group said the mayor had been quoted as saying the "ban on prayer in public schools should be abolished" and that the pennants would serve as a means of protesting the Supreme Court's ruling.

The court has ruled that required prayer recitation and bible reading in public schools is unconstitutional.

Calissi specified that the officials involved were invited, not ordered to appear before the grand jury, and the mayor indicated that Hasbrouck Heights officials would not attend.

Penn Grid Player Dies Of Injuries

PHILADELPHIA (AP) — A University of Pennsylvania junior varsity football player died today of what officials said was a rare complication from a broken leg suffered in a game against Harvard at Cambridge, Mass., last Saturday.

Allen Buder, 18, of 51 Kimberly Ave., Springfield, Mass., died at 6:40 a.m. at the University of Pennsylvania Hospital.

Dr. Paul Schrode, medical director of student health at the university, said death was caused by a "fat embolism — fat entering into the bloodstream and then into the lungs and heart."

Dr. Schrode said the cause was a complication resulting from the leg fracture.

There's still time to protect yourself and your family against influenza next winter.

Ideally, the flu vaccine should be given in two shots, about two months apart. However, it is best to complete the schedule by mid-December. If you're a late starter, even a single dose can afford significant protection, which is enhanced by a second dose two weeks later. If you had the two-shot series within the past year, a single booster will suffice to rebuild immunity.

How good is the flu vaccine? Not perfect, but good. Carefully controlled tests have shown the vaccine to be 60 to 80 per cent effective against the disease. And this season more virus strains have been added to the vaccine, to guard against more types of influenza.

Immunization is especially recommended for three "high risk groups," those who have experienced high mortality from flu epidemics. These are (1) persons at all ages who suffer from chronic debilitating disease; (2) persons in older age groups, particularly past 65; (3) pregnant women.

Since the vaccine viruses are grown in eggs, the vaccine should not be taken by those who are hypersensitive to eggs or egg products.

If you're not vaccinated yet, and you're considered to be in one of the "high risk groups," ask your doctor now.

Leonard Lyons, well-known syndicated columnist whose pieces are published in The Philadelphia Inquirer and many other newspapers, reported the following in his column Tuesday:

John Eisenhower was in New York to accept an award for his father. He went to Sardi's afterward with two Doubleday editors. There was some discussion about modern youth and their rebellions against parents.

I mentioned, as example, the matter of his son, David Eisenhower, being defeated for the presidency of the "Teen-agers for LBJ" group at Phillips Exeter Academy. "That's not exactly the way it happened," said Col. Eisenhower. The student who'd organized the club, he said, thought it would be amusing to proposed David Eisenhower's name for president and a vote was held.

"Actually," Col. Eisenhower shrugged, "I couldn't care less." One of the editors teasingly suggested that David was warned he couldn't come home for the Thanksgiving holiday, unless he resigned from the group. "Not true," said Col. Eisenhower. "At Exeter they don't come home for Thanksgiving."

Public Transportation For All Pupils In All Schools Will Be Brought Up Again

PHILADELPHIA (AP)—The issue of public transportation for pupils in nonpublic schools apparently will be brought up again in the General Assembly next year, sources indicate.

William D. Valente, president of the State Federation of Citizens for Educational Freedom, said his group will seek to introduce such a bill.

"There's a real crying need for it," he said.

William B. Ball, executive director of Pennsylvania Catholic Welfare Committee, said that although his group has made no

decision on such a bill, he felt chances of passage appeared to be "very greatly improved."

NARROWLY DEFEATED
An effort to gain bus subsidies for parochial and private school pupils was narrowly defeated in the last legislature.

Ball said he was encouraged to see the Citizens for Educational Freedom take up the issue.

"I don't think it's a church-state issue any longer," he said. "It concerns safety and health. It has nothing to do with education."

The Citizens for Educational Freedom put out campaign literature on the bus issue in at least two state Senate districts, those of Paul L. Wagner, R-Schuylkill and William G. Sessler, D-Erie. Wagner was chairman of the Senate's education committee. Both opposed the bill last time.

WAGNER TRAILING
Wagner is trailing Democrat Albert I. Nagle by about 800 votes in Tuesday's election, with up to 2,900 absentee ballots still outstanding.

Sessler won re-election. "I think Wagner's stand on the bus bill cost him a lot of votes," said Valente. "We have every reason to believe Nagle will support a bus bill." Sessler said he may have lost some votes on the bus bill. He said he has an "open mind" about next year's expected legislation.

Republicans Find Solace In Gubernatorial Races

By KARL R. BAUMAN
WASHINGTON (AP) — About the only solace Republicans could find in Tuesday's election returns was in the 25 governorship races. There they had a net gain of one.

Particularly satisfying to the Republicans was the defeat of two Democratic governors seeking re-election, Albert Rosellini of Washington and John W. Reynolds of Wisconsin. Rosellini ran for a third term, Reynolds a second.

In addition, the Republicans took over the Massachusetts state house when former Gov. John A. Volpe staged a political comeback to defeat Lt. Gov. Francis X. Bellotti.

GOP OUSTED

Democrats, in turn, won in Arizona and Utah, where the state houses had been in Republican control.

The 17 governorships won by the Democrats Tuesday give them a total of 33 since they had 16 holdovers. The Republicans won eight of the races. They had nine holdovers, making their total 17. The pre-election lineup was 34 to 16.

Since all the races except for Arizona were in states carried by President Johnson over Sen. Barry Goldwater, the Republican victors in the races for governor displayed good tide-bucking ability.

ROMNEY'S VICTORY

Nowhere was this more clearly demonstrated than in Michigan where George Romney, who had refused to endorse Goldwater, easily defeated Rep. Neil Staeble, former Democratic national committeeman.

Utah elected a Democratic governor for the first time in 16

years when Calvin L. Rampton, Salt Lake City attorney, won over Mitchell Melich, former state legislator.

Victors included Gov. John B. Connally of Texas, close political associate of President Johnson, and losers Richard Kleindienst, who is close to Goldwater, in Arizona.

While Goldwater carried his home state of Arizona, Kleindienst lost to Democrat Sam Goddard, Tucson attorney.

SCARES FAUBUS

In Arkansas, Republican Winthrop Rockefeller, brother of New York Gov. Nelson A. Rockefeller, gave Gov. Orval E. Faubus something of a scare. In the end Faubus pulled through by a substantial margin to win an unprecedented sixth two-year term.

While Volpe in Massachusetts was making his successful comeback, another former Republican governor, Cecil H. Underwood of West Virginia, failed in his Underwood lost to Democrat Hulett C. Smith, state commerce commissioner.

In the Wisconsin race, Reynolds lost to former Lt. Gov. Warren Knowles.

The other unseated Democratic governor, Rosellini in Washington, lost to Daniel Jackson Evans, a state legislator.

BAKER TO TAKE STAND IN CASE OF KICK-BACKS

WASHINGTON (AP) — The Bobby Baker hearings that Republicans tried in vain to force before last Tuesday's election are now planned for the first week in December.

Baker, former secretary to the Senate Democratic majority, will be among the witnesses called to testify about an alleged \$35,000 kick-back on the District of Columbia Stadium project by Matthew H. McCloskey, Philadelphia contractor and former ambassador to Ireland.

Sen. John J. Williams, R-Del., charged in a Sept. 1 Senate speech that \$25,000 of this was channeled into the 1960 Kennedy-Johnson campaign fund through Baker.

DEMO MARGIN BRIGHTENS TWO LBJ PROJECTS

WASHINGTON (AP) — The widened Democratic margin in Congress could brighten chances for two key Johnson administration proposals — health care for the elderly and aid to the depressed Appalachian region.

The White House is certain to read the landslide victory of President Johnson as a mandate to push harder for both measures, sidetracked in the last session.

Final returns indicate a net gain of two Senate seats for the Democrats and — more significantly — about 40 House seats.

In the 88th Congress, the Democratic Senate edge of 66 to 34 already was so big that the majority party could push through even its most controversial programs.

The proposal to provide medical care for older Americans by boosting Social Security taxes cleared the Senate by five votes. The \$1-billion Appalachian aid bill was approved by a wide margin.

But the health plan was rejected in a conference with the House and House leaders decided against bringing up the Appalachian legislation, a sure sign that they feared defeat despite a 257-178 margin.

SEE PASSAGE

The new congressional lineup encouraged Democrats to believe they could put through these long-disputed measures:

—Creation of a Cabinet department of urban affairs or, as it has been called more recently, a department of housing and community development.

—Revision of the immigration laws to knock out the long-standing national origins quota system.

—Extension of the Wages and Hours Act to include some types of service workers long excluded.

—Establishment of some form of national standards for the unemployment compensation system.

Democratic liberals say also it now should be easier to get Congress to vote the needed funds for such programs as vocational education, mass transit, manpower retraining

and depressed areas.

Many Democrats are eager to vote on a Social Security bill since beneficiaries under this program were given a commitment in the 1964 session by both branches of Congress for an increase in their payments.

The House voted a 5 per cent raise, the Senate a 7 per cent increase in basic payments. The measure went down the drain in the dispute over the health-care plan.

Jordan and his wife were sailing from New York today for Europe and will not return until Nov. 22. The senator is to be a delegate to the interparliamentary union meeting opening in Paris on Nov. 16.

The leadoff witness at the committee's hearing is expected to be Don B. Reynolds, a local insurance agent with whom Baker was associated. Williams based his political payoff charge on a statement Reynolds gave him.

AVERAGE TV SET IS USED 5 HOURS DAILY

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The average television set — and there are now almost 62 million of them in almost 52 million American homes — was in use for 5 hours and 36 minutes a day during the two-week period ending Oct. 11, according to the latest Nielsen estimate. A year ago the estimate for the same period was 5 hours and 6 minutes.

That statistic pretty well demolishes the frequently expressed opinion — maybe it is just a wan hope — that the vast audience after all these years is finally becoming more selective about its viewing. It looks as if we are watching it more, even if we do hear more complaints about enjoying it less.

As far as our favorite viewing hours are concerned, the Nielsen figures indicate that between 6 and 7 p.m. some 41 per cent of our sets are turned on. Between 7 and 8, it climbs to 54 per cent and moves up to around 64 per cent during the next two hours. Then it drops off sharply to 52 per cent from 10 to 11.

DANA SHOW TO GO

It looks as if one of the season's first casualties will be NBC's "Bill Dana Show," which probably will disappear from NBC's Sunday night lineup some time in December. Another — and a big one — in trouble is "90 Bristol Court," the economy-size package of three situation comedies under one title.

Replacement for the latter is likely to be an hour Western which will put Chuck Connors

A Lovelier You

By MARY SUE MILLER
YOUR MORNING FACE.

It seems that only children wake up in the morning with

bright, rosy faces. And sometimes even they look a bit haggard.

In more mature circles, few faces come alive until the day is half gone. Eyes are shadowed and perhaps puffy. The skin is ghostly and perhaps lax. The sight can be pretty depressing—in the mirror, across the breakfast table, at work.

What a pity, when the morning face can look fresh as the dawn. If the idea interests you, simply get up ten minutes earlier. Groan all you like at the thought of skipping 10 minutes' sleep. It's of little value when you wake up looking 10 years older.

back in a 10-gallon hat and blue jeans, plus a half-hour comedy.

Recommended tonight, "That He Should Weep for Her," NBC, 10-11 EST — Milton Berle and Carol Lawrence in a Suspense Theater drama, with Berle playing a noncomic shopkeeper.

In the extra time, you can give your face a thorough refresher course. The steps are easy, as should be in those first jolting minutes of wakefulness.

● Get out of bed slowly; stretch and yawn to your heart's content. Once on your feet, pull up tall. Thus you tune up all muscles, including the facial net-work.

● Breathe deeply before an open window for a minute. This sets the circulation in motion and so helps to relieve shadows and pallor.

● Now to your usual ablutions and a special refresher thereafter. It takes the form of cold-water compresses, applied with a face cloth to your eyes, chin and throat for a full five minutes. Firm, radiant skin just naturally follows. Your face can face up to the light of day!

NEW YORK (AP) — An Australian challenge for the America's Cup in 1967 has been accepted by the New York Yacht Club.

Australia's second Cup challenge, issued after U.S. defender Constellation defeated Britain's Sovereign in September, was accepted Thursday by the Board of Trustees of the N.Y. Yacht Club.

The United States has held the Cup since 1851.

Illinois Still Counting Ballots To Find Winners Of 177 Seats "At Large"

By PHILIP J. MCGUIRE
CHICAGO (AP) — Speed was the keynote in naming winners in Tuesday's election, but not in Illinois.

Teams of counters plugged away today, three days after the voting, on the mammoth job of determining the 177 winners from 236 at-large candidates for the Illinois House of Representatives.

The candidates were listed on an orange-colored paper ballot three feet long, and voters could pick as many of the candidates as they wanted, up to the 177 limit.

It was the first time in the country's history that a legislative chamber was elected from an entire state, rather than from districts.

COUNTY TALLIES

Although some of the smaller of the state's 102 counties had their votes tallied Thursday, counting in the larger cities, especially Chicago, dragged on, with the end still several days off. By Thursday only about one-third of the vote in the densely populated Chicago area had been counted.

Political parties accused each other of delaying the counting, and in Chicago three Democratic candidates filed suit in Circuit Court charging that the Republicans were delaying the count by failing to provide enough tally clerks.

BLAMES GOP

Democratic Mayor Richard J. Daley of Chicago accused the GOP of a "determined slowdown" in the counting. Republicans blamed the confusion on the Democrats and called for two 10-hour shifts each day, instead of the around-the-clock marathon.

State law provides that the two major parties be responsible for providing tallying teams. Some 12,000 extra employees were recruited for the Cook County (Chicago) tally in 31 counting stations.

Outside the Chicago area, officials reported that the counting was nearing an end. St. Clair County, across the Mississippi river from St. Louis, was halfway through its 132 precincts. Officials said there would be no letup until the count is completed today or Saturday.

Democrats and Republicans nominated 118 candidates each for the at-large election under an agreement reached last spring to insure minority party representation.

The ballot—compared in size with a bath towel—snarled polling places Tuesday for an estimated total of 4.5 million voters in the state. Officials placed a nine-minute limit on each voter, but still lines weaved through doors and down sidewalks.

The at-large election resulted from the state's failure to reapportion the House districts based on 1960 census figures.

POPE ATTENDS ROME SESSION

VATICAN CITY (AP) — To the sound of African tom toms, cymbals and native chants, Pope Paul VI today attended the Vatican Ecumenical Council. He told the worldwide gathering of prelates he hoped the entire Roman Catholic Church would share in missionary activity.

It was the first regular working session of the council attended by a pontiff since it convened in 1962. Pope Paul said he chose this day, the start of debate on a council schema on missionary activity, to "show in a clear light the seriousness and vastness of this essential argument in the life of the Church."

A Mass celebrated in the Ethiopian rite opened the session in St. Peter's. Student priests from Rome's Ethiopian College beat drums, clashed cymbals, clapped their hands

KEATING PLANS TO CARRY ON IN POLITICS

By JOSEPH R. COYNE
WASHINGTON (AP) — Despite his defeat in last Tuesday's election, New York's Sen. Kenneth B. Keating intends to remain active in politics.

"I've no plans to seek another elective post," the 64-year-old Republican said in an interview in his Washington office, "but I'm not going to retire."

His plans are still up in the air and he's in no hurry to rush them now. He expressed hope they might include some form of government service.

First, however, is an extended vacation on St. Thomas in the Virgin Islands beginning Sunday.

LOST BY 650,000

The white-haired senator was defeated by Democrat Robert F. Kennedy in an election which saw President Johnson carry New York State in a massive landslide. Johnson won New York over Sen. Barry Goldwater by more than 2.6 million votes. Kennedy bested Keating by about 650,000 votes.

Keating feels that he ran a good race and said he was gratified by the record number of New Yorkers who split their tickets to vote for him.

He harbors no ill feelings toward Kennedy and has already agreed to brief the former attorney general on New York congressional matters when he returns from the Caribbean.

WANT NAVY YARD

Both were members of a delegation which appealed Thursday at the Pentagon for continued operation of the Brooklyn Navy Yard.

Keating, who appeared relaxed and in good spirits after more than two months of intense campaigning, said he felt good but had lost 11 pounds

and sang as the Pope and more than 2,000 council fathers followed the Mass.

since the early part of September.

After he leaves office in January, he plans another extended vacation when he hopes to decide his future.

FRIENDLY FEELERS

Keating said he has already had some "friendly feelers" but declined to say who they were from or what type of work they involved. He expressed hope that some form of public service might lie in his path but said he had had no contact with administration leaders about this possibility.

He doesn't count out returning to the practice of law and said he'd also like to help the Republican party rebuild itself in a moderate image. He talked of no specific role for himself, however.

Keating's 18 years of congressional service — six in the Senate and 12 in the House — entitled him to a pension in excess of \$10,000 a year.

HARRISBURG (AP) — A record total of \$3.8 million was paid for 947 horses during the annual standardbred horse sale, which ended a four-day run here Thursday.

Cleo A. Young, of Timonsville, S.C., paid the highest price for a single horse when he bid \$65,000 for "Effrat Hanover," a yearling sired by "Adios."

On the final day of selling, a yearling, trotting filly, "Bonjour Hanover," was purchased by Stanley Dancer of New Egypt, N.J., for a record \$50,000.

COPENHAGEN — Love Allotey, Ghana, outpointed Boualem Belouard, Algeria, 10. Junior lightweight.

Ghent, Belgium — Carlos Van Neste, Belgium, won over Michel Binker, Indonesia, when Binker was disqualified for butting in fourth round. Middleweights.

ERIE, Pa. — Gene Toran, 135, Erie, stopped Fernand (The Bull) Chretien, 135, Toronto, 3.

CONGRESSMEN PLAN JUNKETS OUTSIDE U. S.

By EDMOND LEBRETON
WASHINGTON (AP) — Faraway places — the glitter of Hawaii, the sunny shores of Hawaii and Jamaica, the exotic lands of the East — are beckoning and many members of Congress are answering the call. They will soon be off on official trips.

Stay-at-home taxpayers will pick up the tabs for these journeys which critics of Congress call junkets.

Defenders of legislative customs say it is proper for those who have to decide on such things as foreign aid, international agreements, the building of bases abroad and the like, to see firsthand what is being done with the taxpayers' money.

As one committee aide put it when he said his group has no travel plans, "I'm not proud of it. I think we should have."

MANY TRIPS SET

At any rate, Congress is in recess, the big election campaign is over, and many suitcases are being packed.

The list of congressional trips already planned includes: Attendance by a large group at the NATO parliamentarians' meeting next week in Paris, a regularly scheduled event.

Inspection by members of the House Science and Astronautics Committee of a number of installations in the Far East and the Pacific, especially along the satellite tracking line.

A study of housing and urban problems in Hawaii by members of the House subcommittee on housing.

Attendance by members of the House Judiciary Committee at the semiannual meeting of the Intergovernmental Committee on European Migration, in Geneva.

A trip by House Agriculture members to the Near East and Africa to study the program for using farm surpluses abroad.

HUMBLE THANKS

It is with deep humility that I thank all of those in Adams, Cumberland and York Counties who contributed to my election as Congressman from the 19th District.

This victory would not have been possible without the tremendous job done by the Democratic committee people and workers. The county organizations and organized labor were responsible for getting out the vote and for informing voters of the need for continuing the Democratic administration in Washington. To all of them, my heartfelt thanks.

I also want to thank those of both parties who saw the need for positive representation from this District in the Congress and cast their vote for me.

Lastly, this victory would not have been possible without the financial support given to the campaign by voters of both parties. I thank them for their faith and trust.

In my campaign, I pledged to consult with the residents of the District on legislation that will affect them. This pledge I reaffirm.

With deep gratitude, I remain

Sincerely,

Neiman Craley

FOUR EDITORS LEAVE CURTIS IN SHAKE-UP

PHILADELPHIA (AP)—Four Saturday Evening Post editors who moved to unseat Curtis Publishing Company's chief executive have resigned, the Post's ousted editor-in-chief said today.

Clay Blair Jr., who was fired last Friday along with Marvin Kantor, head of Curtis' Magazine Division, to file suit against Curtis "for unlawful discharge," Blair received \$75,000 a year, and Kantor \$80,000 in their Curtis jobs.

Blair made his announcement of the resignations to newsmen before attending the regular monthly meeting of the firm's board of directors. He and Kantor remained as members of the board.

The resigning editors were identified by Blair as Henry Walker and Norman Ritter, both assistant managing editors of the Post; Thomas Mavel, chief of editorial production, and

Zan Yonkovig, chief of layout. He said Walker and Ritter were signers of the charges against Matthew J. Culligan, head of the Curtis empire.

Blair said all four supported him and Kantor in their stand. Ritter and Mavel had been suspended from their jobs about two months ago.

Blair said that Serge Semenenko and the First National Bank of Boston would be named defendants in the suit along with Curtis. He referred reporters to Buchwald for details of the legal action.

Semenenko is a vice president of the First National who arranged \$35 million new financing last December at a time when Curtis was being pressed by creditors. He is regarded as an influential Culligan ally, although he holds no official position with Curtis.

There was no immediate comment from Curtis either on the resignations or the suit.

Health

He hit a fellow in the mouth
And later on was sorry.
His knuckles became infected.
A mouth contains various germs
That can infect a skin wound.
As for a person who's bitten,
A severe infection may result.
If a person bites himself,
Which does not often occur,
He rarely suffers infection,
Apparently because of immunity
To his own mouth germs.

Nixon And Rockefeller Exchange Charges As GOP Control Fight Flares

By BARRY SCHWEID
WASHINGTON (AP) — Richard M. Nixon has fired at Gov. Nelson A. Rockefeller as a "spoilsport" and been called "peevish" in return as the fight for control of the Republican party breaks into the open. But like former President Dwight D. Eisenhower, they appealed for unity.

The party struggle — essentially an effort by moderates to wrest control from Goldwater conservatives — had been pretty much off-stage until Thursday. But then, at a news conference in New York, Nixon spoke up.

The former vice president, who campaigned widely for Barry Goldwater, said Rockefeller, who was cool to the Arizona campaign, "got his pound of flesh."

"PRINCIPLE DIVIDES"

The New York governor, said Nixon, was the "principal divider" of the Goldwater campaign. And, Nixon continued, the party's future rests with "unifiers rather than dividers."

Rockefeller is vacationing in Spain, but a spokesman in New York released a statement calling Nixon's remarks a "peevish, post-election utterance."

TO CALL MEETING

Party moderates are expected to press their drive for control of the party at a governors conference next month. And, if they make any headway, they can be expected to pull out the stops at a meeting of the Republican National Committee in January.

Goldwater said at a news conference Wednesday that he wants to keep the party on a conservative course.

Gov. Robert E. Smylie of Idaho, who already has said the GOP "must move toward the center of the political spectrum," announced Thursday he plans to call a meeting of the Republican Governors Association about Dec. 1, probably in a Midwestern city.

TO CHART COURSE

Here the 17 Republican governors can be expected to chart a

course for reviving the party from the crushing defeat it sustained last Tuesday with Sen. Goldwater on the bridge and Goldwater men at the helm. The GOP carried only six states.

ONE GOP GAIN

Only on the governors' level did the Republicans have something to cheer about amid the carnage of President Johnson's landslide victory. They gained one statehouse. And in the re-election of Michigan's Gov. George Romney despite a Democratic sweep of the state, some professed to see the building of a possible presidential candidate.

That the party needs a new face was the consensus of many of its leading lights as they picked their way among the ruins. A notable exception was Goldwater's running mate, Rep. William E. Miller of New York. In Augusta, Ga., where he was on a golfing vacation, Eisenhower called for a period of consultation among party leaders to discuss the GOP image—an image which Eisenhower said "has confused so many of our citizens and led them to think of it as a political doctrine designed primarily for the rich and privileged."

SCRANTON'S VIEWS

Henceforth, Eisenhower said, the GOP must represent a wide spectrum of political thinking. As for Nixon, Eisenhower described his vice president as a man "of great ability and great astuteness who would play a great part in unifying the party."

In Harrisburg, Pa., Gov. William W. Scranton, who tried to head off Goldwater for the nomination and was snowed under, refused to describe Johnson's victory as a repudiation of Goldwater's philosophy.

Discussing the campaign at a news conference, he said that where "traditional Republican principles" were used they "were not repudiated." And, looking ahead, he said the first big job facing the GOP is erasing the impression "that it is opposed or indifferent to so-called ethnic or minority groups."

REMOVES LABEL

Scranton said he favored a meeting of the Republican governors — and so did Romney at a news conference in Lansing, Mich. Romney said he discussed

DEMAND FOR MERCURY IS SHOOTING UP

NEW YORK (AP)—Like the silvery column of a thermometer on a hot day, the price of mercury is in a steep climb.

The elusive liquid metal, which reacts strongly to heat, is reacting to heated demand from the chemical industry, which uses mercury in producing some basic chemicals.

World production of mercury, meanwhile, has not kept pace with demand.

OTHER METALS TOO

"There just doesn't seem to be enough mercury to go around," says George Barth of Associated Metals and Minerals Corp., a mercury supplier.

In a climb suggestive of mercury's other name, quicksilver, the price of the silvery metal you see in more expensive thermometers reached a record \$400 a flask recently at New York. A year ago, the price of a 76-pound flask of mercury was less than \$200.

THIS HAS BEEN A YEAR OF RISING METALS PRICES

This has been a year of rising metals prices. Copper, aluminum, lead, zinc and tin have risen in response to sharp demand and shrinking supplies. But few metals prices have risen as dramatically as those for mercury.

NASA ORBITS "METEOR SPY"

WALLOPS ISLAND, Va. (AP) — A 285-pound satellite designed to gather information on the dangers from meteoroids in space rocketed skyward here today.

The space agency hoped to orbit the satellite between 285 and 637 miles from earth. Its assignment is to obtain data needed to design spacecraft efficient enough to operate in space for long periods.

The National Aeronautics and Space Administration said in advance of the launching that it hoped the satellite would have a useful life of one year.

The satellite roared from the launching pad at 7:02 a.m.

the matter by telephone with Scranton and with Rockefeller.

Taking great pains to be removed from what he called a "liberal moderate" classification, Romney said, "I regret the fact that in the past several months I've been thrown into that group."

"I'm trying to be as conservative as the U.S. Constitution, as progressive as Theodore Roosevelt and as liberal as Abraham Lincoln."

In Lockport, N.Y., Miller flatly disagreed with those who term Johnson's massive victory a "complete repudiation of the conservative policy." What's more, he said it would not necessarily set off a power struggle within the party.

aboard a four-stage Scout rocket. NASA reported shortly afterward that all four rocket stages had fired as planned.

It is one of the Explorer series and is a successor to Explorer 16, launched Dec. 16, 1962.

MISS BLATT GETS CALL FROM LBJ

HARRISBURG (AP) — Genevieve Blatt, her spirits bolstered by a telephone call from President Johnson, pinned her U.S. senatorial hopes today on an official canvass of votes and the tabulation of absentee ballots.

The 51-year-old Democrat refused to concede the election to incumbent Republican Sen. Hugh Scott, who already has claimed victory.

A canvass of unofficial returns showed Miss Blatt trailing Scott by 41,669 votes. Earlier the margin had been some 25,000 votes.

DISTRICTS OUT

With only eight of the state's 9,286 precincts still out, Scott had 2,352,627 votes to 2,310,958 for Miss Blatt. All of the missing precincts were in Westmoreland County, which she carried.

The state mailed out some 130,000 absentee ballots.

Miss Blatt's spirits were pepped up somewhat during the day by a phone call from the LBJ Ranch in Texas from where both President Johnson and Mrs. Johnson talked with her.

She said the president told her that both he and his wife would be "praying for whatever it takes to get you in, even if it is a miracle."

Miss Blatt, who has two years remaining in her third term as state secretary of internal affairs, said that if it had to be a choice between the huge majority that Johnson received in Pennsylvania or her own fortunes, the Johnson majority was more important.

"I would, of course, still like to win," she added.

Hollywood Liberals Still Wonder How George Did It

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — How did George do it?

Hollywood's liberals still were shaking their heads today over how George Murphy danced off with the U.S. senatorship in the face of the Johnson landslide. They had refused to take the ex-hooper seriously — until election results late Tuesday night indicated he had scored a victory over Pierre Salinger.

In the beginning, hardly anyone believed Murphy could make a serious bid for the Senate. When he came for an interview at the Brown Derby earlier this year, a friend remarked: "You may even win the Republican primary."

PREDICTED VICTORY

"I'm not only going to win the primary," Murphy replied: "I'm going to win the general election in November."

His friend smiled and chalked up the remark to Murphy's indomitable optimism.

Now he is Sen.-elect George Murphy of California.

The campaign brought more activity from show people than any statewide election in recent times. The "People for Pierre" traveled through the state with their candidate and appeared on television. Among them: Henry Fonda, Gregory Peck, Dick Van Dyke, Janet Leigh, Danny Thomas, John Forsythe, Gene Kelly, and Carl Reiner.

HAD VETERAN ACTORS

"I don't mean to downgrade my friend Gene Kelly," says Murphy, "but I had the support of the more longstanding members of the Hollywood community, people like John Wayne, Samuel Goldwyn and Walt Disney. Voters are more impressed by that kind of backing."

The Murphy headquarters on election night featured some of his noted backers: Cesar Romero, Gene Raymond, Wendell Corey, Constance Moore, Freeman Gosden — Amos of Amos and Andy. Also present was Andy Devine, Murphy's co-chair.

MAN DISARMS COP, WOUNDS 4 BYSTANDERS

PHILADELPHIA (AP)—A 37-year-old man, wearing a red cloth mask, went berserk Thursday night, disarmed a highway patrolman and shot four bystanders before being subdued, police reported.

None of the four was seriously wounded.

Patrolmen Anthony Kane and Alonzo Moody said they saw a man they identified as Zebidie Simpson come out of a North Philadelphia drug store with a mask covering all but his eyes.

They said he ran when they called to him, but stopped when they pulled up in a patrol car.

While searching him, the officers said, he kicked and punched Kane and grabbed his service revolver. Simpson fired a shot at Kane, but missed, police said, and then ran up the street firing the pistol and wounding four bystanders.

EMPTY PISTOL

Moody and assisting officers pursued Simpson, catching up with him at a gas station a few blocks away. Simpson pointed the gun at Moody and pulled the trigger, the officer related. But the pistol was empty.

Simpson was subdued and admitted to Temple University Hospital with head injuries.

Police said he was a former mental patient, released from the Philadelphia State Hospital at Byberry last July 22.

Scranton Grants

Stan Of Execution

HARRISBURG (AP)—Carl Melton of Philadelphia, scheduled to die in the electric chair next week, has received a stay of execution from Gov. Scranton until the week of Dec. 7.

Scranton granted the stay Thursday after counsel for Melton filed an application for commutation of sentence before the State Pardons Board. A hearing will be held here Nov. 19.

Melton was convicted of murder in the fatal stabbing of Rose Scholloss, 61, in her husband's North Philadelphia delicatessen Dec. 13, 1958. She was stabbed with a boning knife in a robbery during which her husband Samuel, was beaten.

URGE INCREASE IN RAIL WAGES

WASHINGTON (AP)—A presidential emergency board recommended Thursday that some 27,000 firemen, hostlers and helpers on approximately 160 railroads receive a two-year wage increase totaling 18 cents an hour.

President Johnson appointed the board to head off a rail strike threatened in a dispute between the railroads and the AFL-CIO Brotherhood of Locomotive Firemen and Engineers.

A wage increase of \$1.75 per day, instead of the hourly increase, was recommended for several hundred engineers represented by the union.

Under the recommendations, the firemen's increase would be retroactive to Jan. 15 and the engineers' to June 1.

Union and management negotiators plan to meet Monday in Chicago to discuss the board's proposals.

BEATLES IN TV SPECIAL NOVEMBER 15

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—The Beatles, who have been rather quiet lately even if their fans have not, will be coming back strong on television soon.

ABC, it turns out, quietly signed the Liverpool long-hairs last August for an hour-long special which will be seen on Sunday, Nov. 15, at the hour usually occupied by "Wagon Train."

Shortly after the ABC announcement CBS said it has a special Beatles show scheduled two days before the ABC special.

EDITED VERSION

This one is called "Around the Beatles," and is an edited version of a motion picture about the singing group during their American tour—but without songs. It will pre-empt "The Entertainers" on Friday, Nov. 13.

CBS, like ABC, has good cause to know the tonic effect of the English group on ratings. The first appearance on its "Ed Sullivan Show" last spring pulled an audience estimated by Nielsen researchers at well over 70 million viewers. The Beatles gave the Sullivan show the highest rating in its long history.

WEBB TRIES AGAIN

Jack Webb will try again next season with a new CBS series with Polly Bergen, for his star. CBS said the series would be based on Patricia McGerr's short stories about Selena Mead, a sort of female James Bond with Mata Hari overtones. Recommended weekend viewing.

Tonight: "Young People's Concert," CBS, 7:30-8:30 Eastern Standard Time with Leonard Bernstein conducting. "Out on the Outskirts of Town," NBC, 8:30-9:30—drama starring Ann Bancroft.

Sunday—"Profiles in Courage," premiere, NBC, 7:30-8:30 p.m., series based on the John F. Kennedy book, with a drama about Oscar W. Underwood, opponent of the Ku Klux Klan, as the initial offering.

Attorney Dies In Hunting Accident

HARRISBURG (AP)—Lewis S. Kunkel, Harrisburg attorney and president of the Dauphin County Bar Association, was found dead of gunshot wounds Thursday night on his hunting preserve in Lower Paxton Twp.

Kunkel, 61, was dressed in hunting gear when his body was found by police. His shotgun was lying on the ground nearby.

Police said Kunkel was the apparent victim of a hunting accident. He received gunshot wounds of the stomach and left arm. An autopsy was scheduled for today.

Authorities added that a ballistics test would be conducted to determine if Kunkel had been shot by his own weapon.

Dr. John Packard Is Dead At 60

WILLIAMSPORT, Pa. (AP)—Dr. John S. Packard of Milton, president of the Pennsylvania Tuberculosis and Health Society, is dead at the age of 60. He died Thursday at Williamsport Hospital.

A native of Wisconsin, Dr. Packard was a leading physician in Pennsylvania. He was past president of the State Chapter of the American College of Chest Physicians.

Funeral services will be held in Milton Saturday.

HARRISBURG AT RICHMOND

By THE ASSOCIATED PRESS

The Boston Sweepers try again to clinch at least a tie for first place in the Northern Division of the Atlantic Coast Football League when they entertain the Portland Sea Hawks Saturday night.

The Sweepers, 9-2, missed out on their first chance last week when their seven game winning streak was snapped by Hartford. That sliced Boston's lead to two bull games over Springfield, Hartford and Providence.

A Sunday afternoon contest in New Jersey pits two contenders, Springfield Acorns in the north and Newark Bears in the south.

The Bears, 9-1-1, are tied for first in the south with the Jersey Giants, 9-1. Jersey City is at home Saturday night against Hartford.

In other Saturday night action, Harrisburg, 2-9, plays at Richmond, 6-5-1, and Mohawk Valley, 2-10, is at Westchester, 2-9-1.

URGE CAUTION

HARRISBURG (AP)—State forest officials are asking citizens not to smoke or burn trash in the vicinity of Pennsylvania fields and woodlands until the extreme threat of forest fires has passed.

At the same time, hunters were urged to be more cautious because of the increasing danger of fire resulting from continued dry weather.

DEFENSE INCOMPETENCE

Bienhoa Air Base Disaster Inexcusable
Mr. McNamara Should Answer Questions

THE GUERRILLA RAID on Bienhoa Air Base just after midnight, Sunday morning, 12 miles north of Saigon, was immediately labeled by former Vice President Nixon as "this nation's worst military disaster since Pearl Harbor."

Since it was in the election season, Mr. Nixon had forgotten Hitler's surprise offensive of December, 1944, that erupted into the Battle of the Bulge.

He is also excused for not recalling the Navy's Battle of Iron Bottom Bay, between Savo Island and Guadalcanal, 9 August, 1942. In a night attack a smaller Jap fleet sank an entire heavy cruiser division and badly mauled surviving American warships. The Japs escaped punishment. It was our ships on the bottom that gave the bay its name.

But these events, like Pearl Harbor, were major operations. The enemy committed valuable and powerful forces at great risk of disaster should he fail—as Hitler most certainly did in his surprise winter offensive.

THE APPALLING aspect of the Bienhoa Air Base attack is that the enemy risked practically nothing. Nevertheless, he killed four of our men, practically in bed; similarly wounded 73 other American airmen. Viet Nam losses are in controversy. The New York Times reports planes destroyed and damaged up to "a replacement cost of \$25 million"—most of them jet B-57 bombers valued at \$1,250,000 each.

Had the Americans captured all of the attacking Viet Cong guerrillas, the entire bag could not have totaled more than 20 and most likely as few as 10 or 12.

Their effective weapons in this raid were three 81-mm trench mortars. Unassembled, each is a comparatively light hand-carried load for three men. In firing position one mortar weighs 93½ pounds. We know exactly because all three of the guerrilla mortars were made in America.

The ammunition, also an American product, vintage 1944-45 according to recovered fragments, weighs nearly 10 pounds per round. It is a low, high angle weapon and is fired by dropping a round down the short barrel.

The impact on the breach at the bottom of the barrel explodes the small but powerful propellant. The better than three-inch projectile is thus on its way almost before the muzzle man can duck clear and down to pick up another round.

An average, three-man crew of summer trained National Guard infantrymen can safely put a dozen rounds in the air

before the first round bursts on a target two miles from the weapon. The mortar is ideal for jungle warfare.

THE PATTERN of the guerrilla raid was quite simple. While all the Viet Nam battalions in and near Saigon were shining their shoes and polishing their buttons for the big Saturday parade celebrating the first anniversary of the fall and death of President Ngo Dinh Diem, a disguised Viet Cong officer, casually and in daylight selected a concealed, battery position well within two miles of the base.

He left innocent appearing but precise markers for the base plate of each mortar and for the aiming stakes for each to establish exact direction of fire in darkness. He determined range settings with the aid of a large scale military map, most likely made by Americans but stolen or captured from the Viet Nam troops.

Under cover of darkness, mortars and ammunition were hand-carried or carted to the battery position. It was all that simple.

FIFTEEN MINUTES after midnight the fireworks started. Each projectile had a destructive burst effect against fragile targets, 20 yards wide and 20 yards in depth. With 30 to 50 yard range changes the successive volleys did a "walk through" the target zone of the airbase.

With all ammunition expended within 15 minutes, the Viet Cong were displacing and in flight before all the Americans in the base could have had their clothes on and arms at hand. Pursuit would have been futile prior to dawn.

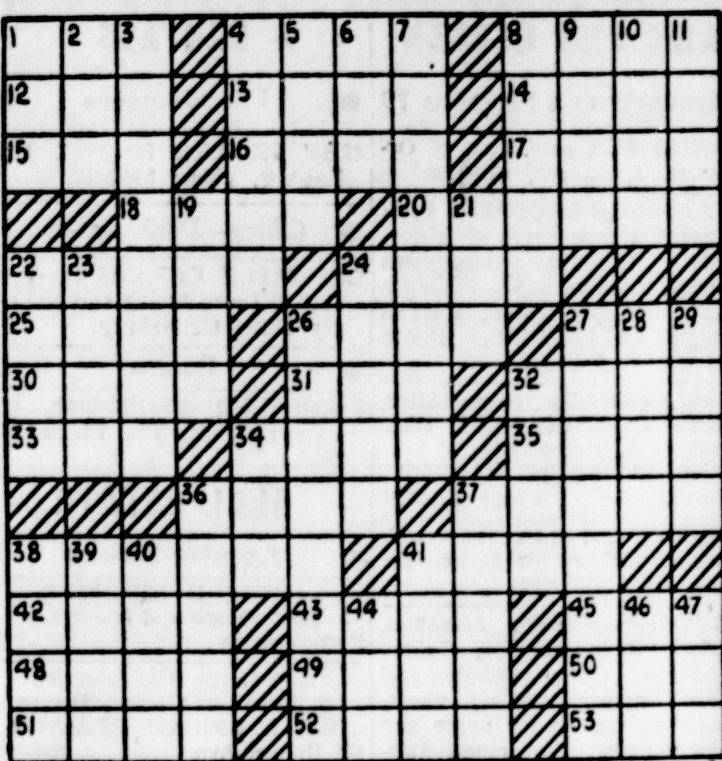

The defense against such tactics is constant and aggressive, co-ordinated patrolling by 'copters and ground detachments throughout the area within range of known enemy weapons. All approach and escape routes must be under control at all times.

Questions: Why were these essential duties for protection of such valuable men and expensive equipment left to Viet Nam troops? Since such fast, long-range, high-altitude bombers are utterly useless against guerrillas, why were they at Bienhoa Air Base as bait for such a raid? Why were they not based elsewhere? If a deterrent threat was intended, why not an aircraft carrier near Hanoi?

These are questions Mr. McNamara should explain to Congress.

All reports from Southeast Asia add up to this being the most damaging blow to Ameri-
